MANY HURT AT BULLFIGHT.

SAN SEBASTIAN (Spain) July 25.—
Countess Podras Lisaritury, who was injured yesterday in the panic at the fight between a tiger and a buil, died today. Thirteen others were hurt, including Deputy Uruquiso, Marquis Pidal, vice-president of the Senate and former Spanish Ambassador to the Vatican; and W. E. Livingston of New York, whose left hand was injured. A representative of the Queen Mother today visited the vorinded deputy. The King went to Santiago shortly before the fight. MANY HURT AT BULLFIGHT.

THE GREAT WAR.

BRITISH LOOK INTO ANOTHER SINKING.

The Knight Commander Encountered the Predatory Russian Warships.

Slavs Boasted of What They Had Done With Several Vessels-Overhauling of a German Boat-American Shipping in Peril-Evacuation of Newchwang. The Vladivostok Raiders.

[BY THE ASSOCIATED PRESS-A.M.]

ONDON, July 25, 7:10 p. m.-[By Atlantic Cable.] The Foreign Office has received news of the sinking of the British steamer Knight Commander by Russian warships, and has instructed the British Consul at Yokohama to make a full investigation of the case and report at once to Downing Street. Until his report is received no action will be taken. The Foreign Office regrets the incident as coming at an unfortunate time in connection with public opinion here, but the officials refrain from all comments pending receipt of details.

STORY OF CREW'S RESCUE. IBY THE ASSOCIATED PRESS-A.M.I

YOKOHAMA, July 25.—Capt Brown, of the steamship Tsinan, which brought the crew of the steamship Knight Commander into port today, says that the Knight Commander met three Russian port today, says that the Knight Commander met three Russian of the Associated Press was informed warships at 7:30 o'clock Sunday morning off the province of Izu. at the Foreign Office today that the The Russian officers who boarded the Knight Commander took her captain back with them, and ordered the crew of the Knight Commander to come on board one of the Russian warships within ten minutes. The Russians then sank the Knight Commander.

At 3 o'clock in the afternoon, the Russian vessels met the Tsinan and transferred the crew of the Knight Commander to

BOASTED OF SINKING OTHERS.

[BY THE ASSOCIATED PRESS-P.M.] YOKOHAMA, July 25.—An Indian boatswain of the Knight Commander says the Russians boasted that between sinking the Knight Commander and halting the Tsinan they sank two small Japanese vessels, and that before meeting the Knight Commander they had captured a German steamer, believed to be the Arabia, belonging to the Hamburg-American line, and the Cheltenham, a British vessel. The Russians claimed to have plenty of coal. Before leaving the Tsinan, Capt. Brown was ordered to blow off steam and not to move his vessel until the Russians had disappeared over the horizon. When last seen, at 7 o'clock in the evening, the Russian warships were steaming in a southeasterly direction, toward the mouth of Tokio Bay.

The American Trading Company, agents here for the Knight Commander, deny that the vessel had any contraband on board according to her manifest.

The three Russian warships which sank the Knight Commander are reported by Capt. Brown of the Tsinan to be crowded with men. Their bottoms are foul, and they look grim and ugly. The Russian vessels are thought to be short of prize crews. The Tsinan brought in a number of passengers, including women and children, from Australia.

AMERICAN VESSELS IN PERIL.

Americans here are quite anxious concerning the possible fate of the Korea, belonging to the Pacific Mail Steamship Company, 16 for Hongkong. The agent here of the Pacific Mail Company cabled a warning to the Korea at Midway Island. It is not known whether either of these steamers carry contraband or not. The sinking of the Knight Commander without a trial is considered here to be an act of savagery, and as affording grounds for appreher as to the treatment by the Russians of other neutral vessels.

SEARCHED GERMAN CRAFT. IRY THE ASSOCIATED PRESS-A.M.1

BERLIN, July 25.-The German steamer Lisboa of the Oldenburgh-Portugal Line has been stopped and searched by a Russian warship in the Gulf of Finland. She was then released

MUKDEN, July 25.-The nearest Japanese outposts have shown no change for several days past, and there are no signs that they contemplate advancing.

New branch societies of the Boxers are appearing among the Chinese under the the titles of "Paguatuank" and "Khunuanmin." A number of the leaders have been captured and punished by the Chinese Governor-

TA TCHE KIAO UNTENABLE. [BY THE ASSOCIATED PRESS-P.M.]

LONDON, July 26.—Cabling under date of July 24, the Daily Mail's Newchwang correspondent describes a fourteen hours' desperate battle with heavy losses on both sides and which resulted in the Russian position at Ta Tche Kiao being rendered untenable by reason of which they will be compelled to retreat towards Haicheng.

"The battle began at 6 o'clock in the morning," tne corre spondent says, "the Russians resuming the attack on the Japanese position on the height east of Ta Tche Kiao. After a few hours, the Japanese left flank from Taping Mountain captured the village of Tanghuditueno, compelling the Russians to retreat to Tienghuaituen, six miles from their base.

"The Russians, now reinforced, maintained the position until 5 o'clock in the afternoon, when the Japanese right flank made a sudden appearance on the hills south of Ta Tche Kiao. and by a tremendous fire forced the Russians to retreat. The Japanese firing line extended fifteen miles.

"After two more hours of incessant storm of shot and shell,

they swept the last hill and the plain

HEAVY ARTILLERY FIGHTING. HEAVY ARTILLERY FIGHTING.

[BY THE ASSOCIATED PRESS-PM.]

LONDON, July 25.—A dispatch to a
news agency from Liao Yang reports
heavy artillery fighting there all yesterday. The Russian casualities, it is
alleged, were thought not to exceed
400, while the Japanese are said to
nave lost more men. The Japanese,
who were attacking the "Southern detachment," according to the dispatch,
were forced to retire precipitately,
leaving their dead and wounded on
the field. The dispatch gives convincing details and names of places.

SIXTEEN-HOUR BATTLE.

[BY THE ASSOCIATED PRESS-P.M.]

PARIS, July 26.—A dispatch to the Matin from Newchwang says t_at heavy firing continued all day long July 24th. The battle lasted for 16 hours. The Russians were driven back of the east side and were reported to be utterly routed on the north. The dispatch says that the Russians eva-suated Newchwang, of whic the Japanese will probably take possession July 26th.

"UNCLE JOE'S" SPEECHES. HE'S LOOKING UP THEMES.

WASHINGTON, July 25. [Exclusive Dispatch.] Speaker Cannon called on Secretary Shaw this morning to discuss plans for the notification Wednesday, and to learn from Secre-tary Shaw, who has just returned from dent's speech of acceptance in re-ponse to Cannon would probably take. Sunnon will make a speech of not more han eight minutes, but it will contain an estimate of the Issues which should be emphasized. Speaker Cannon will take a prominent part in the campaign, making speeches at the leading cities of close States, and in many of the

e districts.

ast. Secretary of Treasury Taylor Wisconsin, who is one of the stalrt leaders in that State, asked Canthis morning what kind of speechic going to make in Wisconsin.

be allied with.

It is because Cannon can with good reason make such an appeal that the Congressional Committee intends to send him into the Wisconsin fight. He will everywhere speak for the Republican House, devoting much attention to the Legislative records of the party, by contrast with that in the last Democratic administration. Public expenditures and the condition of the revenue, will be among his chief topica.

BOLT OF BRYANITES. WISCONSIN AND INDIANA

EW YORK, July 25.—[Exclusive itch. Chairman Babcock of the Reolican Congressional Campaign Com-tee said today: "The information I ave received shows that a great many consin will vote for Roosevelt, in prefconsin will vote for Roosevelt, in pref-erence to Parker. Bryan men were buncoed at St. Louis, and Bryan f. lends in the Northwest are determin-ed to resent it."

Representative Overstreet of In-diana, listening to the statement, eadd that he had heard the same thing about Bryan Democrats in the Hoosier State.

"GRANDPAP" TO MARRY. HIS SWEETHEART AGED 70.

HIS SWEETHEART AGED 70.

(BY THE ASSOCIATED PRESS—P.M.)

PHILADELPHIA, July 25.—A special
to the North American from Washingon says that news comes from Shepserdatown, W. Va., that ex-Senator
lenry G. Davis, the Democratic Viceresidential candidate, will, in the fall,
sarry Mrs. Katherine Reypolds, widow

Dr. John Reynolds of Shepherdsown. Mrs. Reynolds is 70 years old,
while Senator Davis is 31.

There is a youthful romance back of
he story. When Davis was a railroad
orakeman he became a suntor for her
and. He proposed to the young lady,
whose maiden name was Katherine
bashwa. She was willing, but the
amily, which was one of the most
rominent in Washington county,
faryland, objected because he was only
poor railroad man. Davis disapeared and she later married Dr. Reyolds.

Mrs. Reynolds has two grown-up

Reynolds has two grown-up and half a dozen grandchil-

Blamey, for eighteen years treasurer of the Eastern Division of the American Wire Wo kers Association, has disappeared, and in a letter to the secretary of the division mailed from Chicago, he admits peculations amounting to over \$10,000. The money was taken from the sick and death benefit fund of the association.

DRYAN SHIES AT ESOPUS.

SPECION SPECIAL PROPERTY.

He'll Not be There on the Great Day When "Gold-Brick"

(BY THE ASSOCIATED PRESS-A.M.) COLUMBUS (O.) July 25,-William J. Bryan, who is en route to the Delaware Springs Chautauqua, said today it would be impossible for him to be at Esopus the day Judge Parker is officially notified, and also at the Chicago meeting, his tim already being taken up.

DODGES PLATFORM.

BY THE ASSOCIATED PRESS-A.M.1 CHICAGO, July 25.-The Tribune says this morning: "William Jennings Bryan will not speak at the Democratic ratification picnic on August 20. He is in Chicago on his way

Delaware, O.
"I shall do no political work, he said, 'until after the Chautauqua season. A lecture engagement will prevent my speaking at the Harrison picule here next month. During the campaign I shall make stump speeches in Missouri and Ne-

WHY IS A DEMOCRAT?

New York's "Safe and Sane" Floundering in Muddy Darkness on the Brink of Awful Speculation as to Who is Which.

(BY DIRECT WIRE TO THE TIMES.)

N EW YORK, July 25, [Exclusive Dispatch.] The Tribune says: "It is clear that Parker's friends are deeply worried over the attitude of Tammany. One of the leading Dem Tampany.

Cratic papers openly charges it with 'fighting with the Republicans, and not against them.' It says the organization has not lifted a finger to aid the Democratic Presidential ticket, and that Murphy is evidently hostile to his

wart leaders in, that State, asked Cannon this moraling what kind of speeches he is going to make in Wisconsin. "I wish I knew," answered the Speaker, "What shall I say?"

"That's something that you will have to decide for yourself," replied Taylor, alluding to the claims of rival factions. It is understood that the Speaker will cell the Wisconsin Republicans on both sides that success of the administration of the President will depend on having a Republican House of Representatives, and will ask the stalwards and La Follette men to sink differences to accomplish the result, just as they are expected to do on the electorial ticket, by voting for the Republican candidate for Congressman in each district whichever side he happens to be allied with.

It is because Cannon can with good reason make such an appeal that the Congressional Committee intends to send him into the Wisconsin fight. He will everywhere speak for the Republican AS TO BUNCO GAMES. AS TO BUNCO GAMES.

AS TO BUNCO GAMES.

"Perhaps he did. Perhaps he fooled them when he represented that the election of a Democratic Mayor would make easier the election of a Democratic President. But who among the followers of Parker could justly complain of buncoes after Parker and Sheehan had made the national platform silent on the money question, so as to conciliate the Western and Southern delegates; after David B. Hill had as to conclinate the western and South-ern delegates; after David B. Hill had declared he did not know Parker's fi-nancial views; after Littleton had promised his candidate would abide by the action of the convention; after Parker himself had told Hill he had no platform suggestions, but was con-tent to leave everything to the wisdom no platform suggestions, but was content to leave everything to the wisdom of party? "Who, among those who posed Parker as the 'servant' of his party, only to spring him as its 'master,' can complain that anybody else secured anything by false pretences? Murphy is only following Hill's footsteps. He wanted independent Democratic votes, just as Hill wanted the votes of Western and Southern delegates. He put up a bluff to secure them, just as Hill did."

to tell what he believes. He ought to suppress his views.

"T.-e duty to put aside convictions and bow to the bunco of the party is deeply impressed upon the conscience of those Democrats who felt under no obligation to abide by the action of the party when it was overwhelmingly committed to his views. Bryan's thinking may be wrong and his policies dangerous, but just why he is so despicable because he stands by them manfully we do not understand. Neither do we see the crime which he commits in criticising the Democratic platform, though supporting Parker. Are not Parker's particular friends doing the same? Did not conservative Democrats was voted for Bryan in 1896 and 1990 do the same.

BRYAN'S PLATFORM.

BRYAN'S PLATFORM.

"And what is there so terfible from Democratic point of view in Bryan's new declaration of principles? We learn that the income tax is a 'dose of poison which he wishes to administer to the party. What a wicked man. Where could he have learned such deviltry? Why, from the Democratic party of Grover Cleveland. When Cleveland was President, the party passed an income tax bill. It became a law, but was subsequently declared unconstitutional by the Supreme Court on a close vote after a second hearing. Bryan, in advocating an amendment to the Constitution is simply seeking to carry out the old Democrate policy which had been adopted before he became influential in the party's affairs. He seems to have been warranted in the belief that it was good Democratic medicine.

"Then we hear he is cray, and BRYAN'S PLATFORM.

that it was good Democratic medicine.

"Then we hear he is crazy, and stark mad, and demagogic, because he puts forward certain schemes for State ownership of railroads. Yet two years ago the chief engineer of the 'safe and sane' Parker movement, Senator David B. Hill and the whole Democratic party of the great conservative Empire State, declared for public ownership and operation of the anthracite coal mines. Bryan has proposed nothing crazier and more demagogic than that.

"Yew York cannot call Nebraska people black. Bryan has views about the power and tenure of Federal judges which the 'safe and sane' do not like. They are nevertheless Democratic. If the 'safe and sane' will study a little history, they will find Thomas Jefferson, Andrew Jackson and Martin Van Buren held strikingly similar views of Federal judiciary.

"The trouble with the 'safe and

gates. He put up a bluff to secure them, just as Hill did."

BITTERNESS TOWARD BRYAN.
TRICKY DEMOCRATS ON EDGE.
[BY DIRECT WIRE TO THE TIMES.]
NEW YORK, July 25.—[Exclusive Dispatch.] The Tribune says:
"Of course the 'safe and sane' Democrates who, by tricks of silence and evasion, have brought the party to choose what it supposed to be King Log, only to find itself buncoed under the domination of King, Stork, are bitter toward Bryan. Naturally, they see nothing but treason "and mistacking and mischief-making in his frank statement of the Republicans. The troubles with the 'safe and sane' is that half of them do not know what Democracy is. What they want is a party as near like the Republican as possible, except that it shall declare against the particular Republican policies which they oppose. As Mr. Dooley remarks true Democratic policies are in the attic, 'policies that have faded, or punctured a tire, or broken a mainspring or been run over by the band wagon, and the 'safe and sane' is that half of them do not know what Democracy is. What they want is a party as near like the Republican as possible, except that it shall declare against the particular Republican policies which they oppose. As Mr. Dooley remarks true Democratic policies are in the attic, 'policies that have faded, or punctured a tire, or broken a mainspring or been run over by the band wagon, and the 'safe and sane' is that half of them do not know what Democracy is. What they want is a party as near like the party of the party of the provious provides and the safe and sane' is that half of them do not know what Democracy is. What they want is aparty as near like the party of the party

CONGRESS CAMPAIGN OPENED BY BABCOCK.

gressman Hull of Iowa and Secretary lesse Overstreet of Indiana: Babcoc. said he had not had time to

canvass the situation, but he felt sure the Republicans would safely the House of Representatives. "We lost twenty city districts two years ago," said he, "but we expect to years ago," said he, "but we expect to redeem the party this time. We were hit pretty hard in New York and Brooklyn, besides losing a district each in Boston, Louisville, Omaha and some other cities."

When asked about his own State, Babcock said: "Wisconsin is all right. Only the State ticket is in

Babcock, "but the plurality will be large enough. Of course, we do not know how many gold Democrats who voted with us in 1896 and 1900 will vote for Parker this year, but there are not enough of them to effect the result materially."

result materially."

Babcock said the Republicans' fight in Wisconsin would reach the Supreme Court early in August. There was no question of law to be decided, he said. The action would be to get a mandamus to compel the Secretary of State to place the Stalwart ticket on the ballot, on the ground that the national convention, the highest court authority in party affairs had deof authority in party affairs, had decided that the Stalwart convention

DEMOCRATS GET GAY AT "GENERAL APATHY."

(BY DIRECT WIRE TO THE TIMES.)

"Have we had a Presidential cam-paign for many years that did not pass through the 'apathy' period? Four years ago we had one somewhat un-usual in intensity and duration, and during its existence, a yast amount of very profound wisdom was put forth in explanation of it. Yet there was nothing inexplicable about it. The campaign that is opening is simply a nothing inexplicable about it. The campaign that is opening is simply a repetition of one that had been fought and won four years earlier. The people had considered the problem once, had made up their minds about it, and need to make up their minds again, for they had seen no reason to change them, and they refused to get excited about a matter that had been settled. "The same sort of situation exists this year. The straw-vote taker and the ominous gentleman who travels a great deal and can tell a man's mind by casting a swift look at him in a railway train, or as he rides past in an automobile, or sits on the steps of a grocery store or rakes hay in the

grocery store or rakes hay in the

NEW YORK, July 25.—(Exclusive plants) and indefatigable sounders of public opinion are enormously impressed with the aparthy they find everywhere. It almost assists the progress of railway trains in the West, and makes even the mosquistes through the 'aparthy' period? Four pass series we had one somewhat un Jersey coasts sluggish. Eminent in-dividuals are perceptibly affected by

"Senator Gorman is so overcome that he really cannot head the national Committee. Murphy of Tammany Hall is made so tired of it that he does not feel at all equal to really take not feel at all equal to really take a railway journey to Esopus, and Bryan's intellectual activity is made so lethargic that he doubts if he will be able to make any speeches for Parker in the cammaign, speaking for Congressional candidates being about all his strength will permit.

"Even the exciting industry of betting is affected. Why should there not be an 'apathy' at the present time? So far as Roosevelt goes, the scope of his campaign is known. His future is to be read in his past. He is not likely to say anything startling. The proposal he must make to the country is that it continue for four years longer in the course it has been following the past eight years. The THE VERY LATEST.

WAR NEWS AFTER MIDNIGHT.

LONDON, July 26.—[By Atlantic day that the Russian Government had Cable.] War news of the newspapers given orders for the release at Suez this morning is most scant, but all reports indicate that the Russians have suffered a serious check in the being shipped by the War Department to the Phillipped severement landed. vicinity of Ta Tche Kiao.

The Daily Telegraph's Liao Yang

correspondent, telegraphing Sunday, reports that Ta Tche Kiao was defin-Rely evacuated after a severe en-gagement, which was intended to re-tard a Japanese flank movement on Liao Yang, but the dispatch does not give the place of the battle or the

Liao Yang, but the dispatch does not give the place of the battle or the date.

The correspondent at Tien Tsin of the Standard reports incessant fighting slice Thursday around Ta Tche Kiao and Kai Chau, in which the Japanese were steadily forcing the Russians back.

The dispatch from Liao Yang to a news agency here reporting heavy

news agency here reporting heavy fighting there all of Sunday, it would appear, refers to this battle, and from this and other reports it seems that some thirty thousand Russians were engaged, and that the battle to a great extent was an artillery duel, no men-tion being made of a cavalry charge, all-hough the ground is fairly open and level.

AMERICA ESCAPES TROUBLE. (BY THE ASSOCIATED PRESS-P.M.)
WASHINGTON, July, 25.—A fact deeloped this afternoon which might

on board a large quantity of supplies being shipped by the War Department to the Philippine government, inclad-ing about 250 tons of powder and much material that would fall within ing about 250 tons of powder and much material that would fall within the Russian definition of contraband. The stores were being shipped through the house of George W. Peabody of New York and the Orient, who today telegraphed the War Department that the Philippine stores were aboard the Ardova, and asked the department to exert itself to secure their release. Their application was taken at once by Acting Secretary Oliver to the State Department, but in view of the intended release of the Ardova, it is improbable that any action will be taken by the department.

The case of the Knight Commander is regarded here as complicated and difficult of treatment, although more complete statement of facts is expected to simplify the problem. It is apprehended that if the contention of the shippers' agents that the cargo con-

shippers' agents that the cargo con-tained no contraband is correct, the general doctrine of "neutral flag covers neutral goods" has been violated by the destruction of the ships and car-

As for the Knight Commander her-self, the State Department probably will leave to the British government the adjustment of any issue with Rushave led to serious complications had the adjustment of any issue with it not been announced earlier in the

WEST IS SATISFIED.

Cautious Senator Millard Tells the President That the Most Prosperous Section of the Country Desires no Political Upheaval.

[BY DIRECT WIRE TO THE TIMES.]

O YSTER BAY, July 25.—[Exclusive Dispatch. Strictly speaking it cannot be said that Senator Joseph H. Millerd of Nebraska, who called on the President today, carried with him any silver lining to the political cloud in his State. He brought with him, a golden halo, the promise of a great and signal victory for the Re-publican standard. The Senator is not a rainbow chaser, but a practical, careful and conservative observer of events. He does not make predictions upon what he hopes may come to pass, but upon conclusions drawn from the study of situations, and speaking calmly today, he told the President that the business interests of the West were unanimous in the demand that there should be no chances taken in a change from safe

ests of the West were unanimous in the demand that there should be no chances taken in a change from safe and stable certainty to an uncertain State.

He said the Western Republicans were interested deeply in he altuation in the East, and to a man they hoped for the nomination of Elihu Root for governor. Millard said that Root was popular throughout the Central West, where the belief was general that, if placed at the head of the State ticket in New York, his election, running in the same year with the Republican candidate for President, would be assured as he belief was already.

So far as Nebraska is concerned, Millard said Bryan expected to make a whiriwind campaign—not for the hope that he might win the Legislature, and so pave the way to the United States Senate. In this expression the Senator from Nebraska reflected what many of Bryan's associates within his own party have indicated as their own view of Bryan's intentions.

"Bryan's hope is a valn one, in my

judgment," said Millard, "but he will nake the effort for his ticket, for oubt if even he thinks the Democrats

can carry Nebraska on the Presidential

Millard, who came East directly from Wisconsin, where he has large business interests, is convinced that the factional trouble between the Spooner and La Follette Republicans in that State will not seriously affect the Republicans and the Spooner and La Follette Republicans in that State will not seriously affect the Republicans regional takes. the Republican national ticket. He says both sides will support Roosevelt loyally.

valled, every household having its goods packed ready for flight. It is thought the fire started from the Great Northern right of way and swept through the extensive limber limits on Elk Aiver. Hündreds of men patrolled the river bottom and twice the fire got beyond control and it looked as though the town was doomed.

Only a change in the wind averted disaster. The Elk Lumber and Manufacturing Company saved its mill by means of its excellent water system, but everything else was destroyed. Two million feet of logs, the whole of the season's cut, stables and timber were destroyed and the loss is estimated at \$200,000. The fire is still burning, and it is feared the Fernie Lumber Company limits will catch, causing much more damage.

Two directors of the Elk company from Minneapolis arrived yesterday. The Morrissey brewery, owned by A. Muntz, was also burned.

OREGON HOP CROP. LESS THAN LAST YEAR.

PORTLAND (Or.) July 25.—Indications are that the Oregon hop crop will amount to about 90,000 bales or in the neighborhood of 15,000 bales less than last year. The season has been unfavorable, the long dry spell which occurred last me very nearly causing a failure. The quality of the hops is exceptionally good, however, and there has been such an absence of lice owing to the warm weather that many growers have found little or no necessity for spraying.

Good prices beem to be aroused, several growers reporting offers by the brokers to contract at 20 cents. BY THE ASSOCIATED PRESS-P.M.1

approved by Acting Governor Alden Anderson:

"Resolved, that the recommendation of the Commissioner of Public Works for the appointment of the following civil erigineers, viz. Maj. T. C. Dabney, Henry Brown Richardson and H. M. Chittenden, with Thomas W. Symons of Washington, D. C., as alternate, to examine into and report upon the navigability and drainage conditions of the Sacramento and San Joaquin rivers and their tributaries, and to report a comprehensive plan for the improvement of said rivers, be approved, and that the compensation of said engineers be fixed at \$1000 per month and traveling expenses to and from their respective residences, and while acting under said employment; and be it further
"Resolved, that the Governor be asked to approve the above appointments forthwith, and upon such approval the Commissioner of Public Works be instructed to wire and complete arrangements for the above named engineers to be on the ground at the earliest possible moment."

Telegrams were at once sent inviting the men mentioned to come to Sacramento at the earliest possible moment.

ADMIRAL COOPER ARRIVES. COMES HOME ON SICK LEAVE.

[BY THE ASSOCIATED PRESS—AM.]

SAN FRANCISCO, July 25.—Among
the passengers on the steamer China,
which arrived from the Orieht-today,
was Admiral Cooper, who has been relieved from his command on the
Asiatic station, and comes home on
sick leave. Lieut. Blue, who has been
his flag officer on the Wisconsin, and
whose wife is the admiral's niece,
comes with him. Old officers returning on the China are Dr. McCullougn
and Maj. Perkins of the Marine Corps.
The China put into Shanghal to land
a suspected case of smallpox and at
Nagasaki the ship was thoroughly fumigated. The passengers spent the
day, which was the Fourth of July, in
the hands of the quarantine officers.

ANOTHER RICH STRIKE. ALASKA QUARTZ OPENED UP.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, July 25.—[Exclusive Dispatch.] The Treadwell Company has made another lucky strike by bonding the Kensington and other ledges at Berner's Bay near Juneau. News is brought by the City of Seattle that one of the richest quartz strikes ever made on the Alaska mainland has resulted from driving a tunnel in the Nowell mine on Berner's Bay.

The Treadwell Company drove a crosscut tunnel: 800 feet below the surface workings, which are a hundred feet deep. The Kensington ledge was struck within twenty feet of where surveys based on the trend of the ledge said it would be. The ore encountered is richer than the surface ore. The mine was bonded two months ago to Joseph McDonald and Consulting Engineer Bradley, representing the Treadwell Company.

NEW CLUBHOUSE.

Million Dollars.

cart peddlers of New York have declared war on Commissioner Woodbury and all off his office to drive them out of business.

In face of the commissioners' manifest corraling them under the Williamsburg bridge, the peddlers have united in a plan to frustrate him and compel him to rescind the order. They held meetings in six different East Side halls and decided they would boycott all the markets. They say the will carry the fight into the City Hall and deciare that they had a definite promise from Mayor McCleilan that their push-cart business should not be interfered with during his administration. Committees have been appointed which will march down to the City Hall in a body and ask for a conference with the Mayor. They will urge him to discipline Commissioner Woodbury and call off his crusade against them.

Many of the leading wholesale fruit dealers attended the meetings and declared themselves in sympathy with the peddlers. They contributed liberally to a cash fund, which is to be used for defensive purposes. This fund will be used to employ counsel, and a committee will call on ex-Gov. Black and ask him to become their legal champion.

They will try to obtain an injunction against Commissioner Woodbury to prevent him from carrying out his order colonizing the push-cart peddlers under the bridge. They say that if this order is enforced it will practically drive the whole army of peddlers under the bridge. They say that if this order is enforced it will practically drive the whole army of peddlers under the bridge. They say that if this order is enforced it will practically drive the whole army of peddlers under the bridge. They say that if this order is enforced it will practically drive the whole army of peddlers out of business and cause endilers under the bridge. association will try still other means of reaching him. All the members and their wives and children will meet ton the East Side, and if they can get a permit for a parade, will march ten thousand strong down to the City Hail.

CONSUMPTION'S COST.

New York City Loses Twenty-three Millions of Dollars Annually Through Tuberculosis.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, July 25.—[Exclusive Dispatch.] New York Chest Side of the statement made this morning by Dr. Darlington, Commissioner of Health, before the summer school of philanthropic work conducted by the New York Charity Organization Society.

FAIR FOLKS

Don't Blame Nature But Investigate.

Many claim they are nervous "by nature" when it is really only be-

ing by Dr. Darlington, Commissioner of Health, before the summer school of philanthropic work conducted by the New York Charity Organization Society.

"Estimating the value of a single life at \$1500—not necessarily a high estimate—and taking only those lives between 16 and 45 years," said Dr. Darlington. "the loss of life in this city alone from tuberculosis amounts to the startling sum of \$23,000,000 annually."

"The death rate here is much lower than in the large European cities, which shows what has been accomplished by the spread of clinics and of preventive measures, of better housing conditions, of warfare against dark interior rooms and unsanitary plumbing, which have gone forward here during the last few years, yet the death rate will not go much lower unless we have even more radical steps.

"It is a question simply of educating people and of general sanitary conditions. General sanitary conditions are still bad in New York, and the inflow of immigrants who must be educated in right living is constantly increasing. Sometimes we may feel discouraged, but the fight is a good one, and I have infinite faith in the future. We not only know much about consumption, but we are applying what we do know sanely and searchingly."

COLLISION ON BIG FOUR.

Two Persons Killed and Several injured When Passenger Train Hit Electric Car.

(BY THE ASSOCIATED PRESS—P.M.)

George D. Gray and Company, who disapeared with the firm's money about ten days ago, committed suicide today by swallowing laudanum. He left several letters in which he explained that he killed himself because of the disgrace attending his defalcations.

Two Dead Bodies in Sloop.

SEATTLE, July 25.—An overturned fishing sloop with the dead bodies of two men lashed to it was pelcked up in Chatham Straits last Friday by the steamer Arrow, Captain Doyle, which arrived today from Alaska. The men had been drowned several days. From papers in their possession Captain Doyle discovered that their names were J. Malone and Charles Thumberg.

File Suit to Recover Balance.

SAN FRANCISCO, July 25.—H. K. Gilman of St. Louis filed a suit today in the United States Circuit Court against the San Jone & Los Gatos Intervervable Railroad and James W. Ray and F. S. Granger. Ray and Granger were constructors for the railroad and hau purchased \$120,224.

Chairman Cortelyou Goesto Arrange for Opening Republican Eastern Headquarters-Votes to Spare but Will Fight to a Finish.

ASHINGTON, July 25.—[Exclusive Dispatch.] Gen. Charles H. Grossive Dispatch.] Chairman Cortelyou of the Republican National Committee left tonight for New York, and will complete arrangements York, and will complete arrangements there for opening the Republican Eastern headquarters. Secretary Dovernin Chicago to open national head-

venor of Athens, O., Republican Systems there for opening the Republican Eastern headquarters. Secretary Dovershi in Chicago to open national headquarters. Secretary Dovershi in Chicago to open national headquarters. Secretary Dovershi in Chicago to open national headquarters. Secretary Dovershi in Chicago nominated him for President. Cortelyou will be present that the Dortelyou Republicans at Chicago nominated him for President. Cortelyou will return from Oyster Bay to New York, and after Bastern heafquarters are established, will proceed to Chicago and inspectite work Secretary. Dovershier.

The Republicans concede to Parker only 151 votes in the Solid South. They propose to make a fight for New York, New Jarsey and West Virginia. All the States West of the Allering New York, New Jarsey and West Virginia Salves are claimed for Roosevelt, giving him 267 else-toral votes, even if New York, New Jarsey and West Virginia Salves are claimed for Roosevelt, giving him 267 else-toral votes, even if New York, New Jarsey and West Virginia return to the Democratic column, with a 25 votes to spare, without the doubtful column. Jenney will not be supplicant presentation in himself will be presented to the Democratic column with a single proposition of the Parker will salve manager claim they have 3 votes to spare, without the doubtful salves and the proposition of the Parker will salve manager the Republican politicians of indiana and limois have succeeded in removing almonts minister to the Propullican and four Democrats. INDIANA AND HILINOIS.

Mr. Overstrest took sufficient time after the 3t. Louis convection to carefully inquire into conditions in his State as any politician in the Head today:

"Nothing short of a landshid would take Indiana away from Roosevelt we can confidently could not be seen to the sense of the political conditions in his State as any politician in the Sease of the Parker took sufficient the men of the Sease of the Parker took sufficient the men of the Sease of the Parker took sufficient the men o

Indiana and four Democrats.

INDIANA AND ILLINOIS.

Mr. Overstrest took sufficient time after the St. Louis convention to carefully inquire into conditions throughout the State. The Indianapolis congressman is himself as well acquainted with the political conditions in his State as any politician in it. He said today:

"Nothing short of a landsilde would take Indiana away from Rooseveit. We can confidently count on that State, as we do on lows. Democratic estimates are altogether at fault in classifying the vote of the gold Democrats indiana Democrats who left the party in 1896, for the most part left it for good. In no other State with which I am acquainted was the abandonment so complete. The overwhelming majority of these Democrats participate in Republican primaries and conventions. They will not return because of the Parker telegram. In Representative Mier's district there is strong Populist and free-silver element. This district I believe the Democrats will lose."

Speaker Cannon spoke with equal confidence today regarding Illinois.

The Speaker is in demand as a campaign orator. He knows the Republicans are clamoring for him from every State in the Union, and that is why he proposes to "play hookey" for a few weeks just after the notification. He will return to civilization prepared to make just as engergetic a speaking

will today elect Taggart coairman and

secretary. Taggart's headquarters will be in the West. The American says that August Belmont, the man

says that August Belmoft, the man it has bitterly denounced as a trust agent, is to be the treasurer of the committee, and "Billy" Sheenan is to be chairman of the National Executive Committee, with headquarters in New York. He will be assisted by a triumvirate consisting on August Belmont, Dave Hill, and Arthur Pue Gorman, the three men whom the American has denounced, advising

is to be turned down for Woodsum. Thus today, if the programme is car-ried out, the Democratic party is to be handed bag and baggage over to

the gigantic predatory interests band-

The Press declares that all doubt as

to completeness of Murphy's pacifica-

tion vanished last night, when David B. Hill was invited to be one of the guests of honor at the reception which the Democratic Club will give this evening for the party leaders and the members of the National Committee. The invitation to Hill was commented on by the Democratic politicans assembled in the Hoffman House as proof of the thoroughness with which Justice Morgan J. O'Brien and John B. McDonald did the work of conciliation when they visited Esopus last week. That Murphy should become reconciled not only to Parker, but to Fill was regarded as a great victory for the diplomats in both factions.

MAKING THEMSELVES WELCOME.

ed together to defeat Rocsevelt. HILL AND THE TIGER.

a few weeks just after the notification. He will return to civilization prepared to make just as engergetic a speaking campaign as if the nomination for Vice-President had been forced upon him. The Speaker of the House will tell what the Republican party has done during the present administration in a legislative way. He will speak with authority. Nobody was in closer touch with the White House during the last session of Congress than Speaker Cannon. Whenever there was anything the President wanted done in a legislative way, he sent for the Speaker. In matters of administrational policy also he consulted "Uncle Joc." Gorman, the three men whom the American has denounced, advising rarker to get rid of them at all costs, if he expected to secure the support of real Democrats. It is stated that Belmont and Gorman are to serve at the personal suggestion of Parker.

The American strongly intimates that Walsh, who managed the Hearst

Cannon will be prepared to discuss the Panama canal in all its phases, administrationally, as well as legislative-dy. This issue the Republicans will force in all parts of the country. In semi-arid States, irrigation will be talked by all Republican speakers. The central West for which Speaker Cannon more was about the only series. central wees, for which Speaker Can-non spoke, was about the only section of the country which presented a united front against the irrigation set. There was a clear majority in the House against the bill until the Pres-ident made it an administrative meas-ure. The Senate had a majority perure. The Senate had a majority, per-haps for the bill, on its merits, but it was President Roosevelt who unged the measure through the House and there was no one in position to speak count upon the Irrigation Act and the personal popularity of the President to reclaim the States of Montana. Nevada and Idaho. In each of those States the President is immensely popular, and in each of them irrigation is the in. st important development possible. Although there is a law on the statute books which makes abundant provision for the development of the irrigation idea, there are some imperfections in it, and many improvements to be made. It will require an administration friendly to the great project to

and in each of them irrigation is this next important development possible.

Although there is a law on the statute books which makes abundant provision for the development of the irrigation idea, there are some imperfect tons in it. and many improvements to be made. It will require an administration friendly to the great project to make it a success, and the Republican campaign in the West will emphasize this in such a way as will bring forth to only the strength of the party, on of the interests which are most virigin. The concerned in the development of the series which are most virigin. It was not the symbolic are in my fatted that the franchise plank in the genetic nullinois. There is nothing to worry Republicars in my fatter. Most of the interest of lower house. So far as I am able to judge, there is absolutely not occasion for Republican approximation of the result that fall.

GROSVENOR'S PRORONSTICATION THE TIREAL OF THE TIREAL OF THE PRESIDENT A WINNER. THE TIREAL OF TIREAL OF THE TIREAL OF THE TIREAL OF TIREA he made. It will require an adminis-tration friendly to the great project to make it a success, and the Republican campaign in the West will emphasize this in such a way as will bring forth not only the strength of the party, out of the interests which are most vitally concerned in the development of the samilarid section concerned in the development of the semi-arid section. In speaking of the political outlook today in his own State, Mr Cannon

today in his own State, Mr. Cannon said:

"The crops are good and politics quiet in Illinois. There is nothing to worry Republicars in my State. Roosevelt and Fairbanks wil have an overwhelming majority, and we will increase the Democratic Representatives of the lower house. So far as I am able to judge, there is absolutely no occasion for Republican apprehension as to the result this fall."

termined effort was made tonight to make Senator Gorman chairman of the Democratic National Committee. After several conferences among Democratic leaders. Senator Jones and William F. Sheehan called on Senator Gorman at his room, and urged him to reconsider his determination not to accept the chairmanship. The Maryland Senator remained firm, and suggested that Sheehan take the place if it was incessary to have an eastern man for the position. Sheehan stated to Gorman and others to whom the suggestion was communicated that it was impossible for him to take the place. He pointed out that he was the one man who resigned from the Executive Committee in 1896 because he could not support the platform and candidate that year. Several of the leaders agreed with him on that point, but the effort has not been abandoned to bring about an arrangement which will place the management of the campaign in the hands of Senator Gorman or Sheehan.

Conferences were carried on in former Senator Hill's room at the Hoffman House and Senator Gorman's room at the Fifth Avenue Hotels While no definite conclusion was reached, hope is entertained by those who do not want Taggart for chairman that some result will be accomplished? Senator Work business men will call on Gorman and state reasons why they want him instead of Taggart. The impression prevails among the strongest supporters of Taggart that, not withstanding the efforts made tonigat, he will be elected.

Former Senator Hill will take part in the proceedings of the committee tomorrow, as he holds the proxy of Arthur Dulaney, member from Alaska. There has been much talk about the selection of the secretary, the candidates being C. A. Waish of Iowa, the former secretary. Wendown of Kentucky and Edwin Sefton of the District of Columbia. Waish and Woodson are members of the committee for the Serretaryship, Just before the convention adjourned, a resolution was adopted authorizing the committee. Members of the committee tonight excentions and the committee to the server of the committe

ONDON, July 25.—[By Atlantic Cable.] There is practically no excitement here over the sinking of the Knight Commander, the Russian action having been taken by a regular warship and within the zone of hustilities. The bitter criticism evoked over the action of the vessels of the

LONDON, July 25.—It is pointed out in shipping circles at Liverpool that if Russia's contention that railroad material is contraband of war is correct the presence of bridge work for Japan among her cargo accounts for the sinking of the British steamer Knight Commander. Her crew numbered aixty-eight, including natives. She was insured against war risks.

She was insured against war risks.

NEW YORK AGENTS NOTIFIED.

[BY THE ASSOCIATED PRSSS—A.M.]

NEW YORK, July 25.—The local agents of the Knight Steamship Company, Limited, owners of the Knight Commander, today received a cablegram which stated that the ship had been sunk off the Japanese coast, and that the captain and crew had been saved.

VOLUNTEERS" ORDERED HOME. [BY THE ASSOCIATED PRESS—A.M.] ST. PETERSBURG, July 25.—The

ST. PETERSBURG, July 25.—The Associated Press is informed that the Russian volunteer-fleet steamers Smolensk and St. Petersburg have already been ordered home, and that instructions for them to return have been cabled. The assurances given Great Britain on this point are declared to be satisfactory. The instructions given the commanders of the vessels repeat the orders hereiofore announced in these dispatches, directing them to refrain from further attempts to stop merchantmen, either in the Red Sea

RUSSIANS LEAVE NEWCHWANG.

[BY THE ASSOCIATED PRESS—A.M.]

WASHINGTON, July 25.—Minister
Conger, at Peking, has cabled to the
State Department, under today's date,
that he has been informed that the
Russians today evacuated Newchwang.

He also confirms the published reports
of the sinking by the Viadivostok
squadron of a British steamer with a
cargo consigned to "The American
Trading Company."

The vessel mentioned by Mr. Conger
is the Knight Commander. Hopkins &
Son, local agents of the American
Trading Company, report that the
steamer sunk was of 8000 tons, and
sailed from New York sixty days ago
under charter by Howard. Houlder,
Rowatt & Co., of London and New
York. The general cargo she carried
belonged mostly to American merchants and was consigned to the Amerchants and wa

band, and it is expected that the State Department will be addressed on the subject.

The week's investigation by the State Department of the problems connected with the operations of belligerent ships against neutral m-thant marine has crystallized in a letter addressed to the Pacific Mail Steamship Company. The company recently wrote to the department expressing apprehension for the safety of the big steamer Shawmut with her cargo of food supplies, intended for Japan and of other vessels of the line about to follow with general cargoes, and asked as to the company's rights and exemptions and liabilities on the high seas and within the war sone in the Far East. The department does not deem it opportune to make the reply public, but it is understood to be based upon expressions delivered in preceding administrations of the State Department, which, in substance, warned shippers against the carriage of contraband and violation of port rules imposed by belligerents in a position to enforce them.

The position of the department in

VLADIVOSTOK SQUADRON.

EVACUATION OF NEWCHWANG.

REPORT NOT CONFIRMED.

REPORT NOT CONFIRMED.

(BY THE ASSOCIATED PRESS—AM.)
ST. PETERSBURG, July 25.—The
Tien-tsin report of the evacuation of
Newchwang by the Russians is not
confirmed. The Foreign Office today
received a telegram from the Russian
diplomatic agent, which, however, was
not dated, saying that heavy firing
was heard in the direction of Ta Tche
Kiao, but reporting that all was quiet
at Newchwang. It is conceded, however, that if the Russians fall back
north- of Ta Tche Kiao, Newchwang
will be untenable and its evacuation is
expected at once.

JAPANESE FORWARD MOVEMENT.

ST. PETERSBURG, July 25, 6:35 p. m.—The simultaneous movement of the Japanese against Ta Tche Kiao and Hakcheng and their movement west from Saimatza may indicate that the Japanese have started a forward movement all along the line, but the War Office's information has not yet established such a concerted advance. The c. neral Staff's dispatches in regard to the Japanese advance against Ta Tche Kiao are meager and incomplete. Fighting was still in progress, according to the latest reports. If the Japanese develop great strength it is not believed Gen. Stackefberg will offer serious resistance.

In addition to the fighting west of

strike sympathisers attacked a bread
wagon of the Heusner Bakery Company, returning from making a delivery of bread to the stock yards, a.d.,
after beating the driver and his

after beating the driver and his companion, cut the horses loose and set fire to the wagon.

J. C. Clark, superintendent of the bakery, who was driving the wagon, and Edward Smith, shipping clerk, who was with him, were both painfully but not (angerously hurt. The police and fire departments were called out and the crowd dispersed and the fire was exting ished. No arrests were made, No further efforts were made to deliver bread at the stock yards. In an exciting encounter near the stock yards today, Mrs. Zelatrick and three men were badl- hurt.

"OPEN SHOP" AT KANSAS-CITY,

(BY THE ASSOCIATED PRESS-P.M.)
KANSAS CITY, July 25.—"The strike

KANSAS CITY, July 25.—"The strike situation looks very bright 'at the present time," said C. W. Armour tonight." President Donnelly ordered certain members of the allied trades to strike this morning, at 7 o'clock and they fefused to do it."

The word ordering out the members of the allied trades union in this city, which was expected to come from Chicago this morning, failed to come and the men continued at work as usual. It is the apparent intention of the local packing companies to adopt the "open shop" policy and they contend that they will have won the battle against the unions when they shall have secured a sufficient number of non-union men to restore the normal output of the various plants.

The strikers refuse to discuss the strike situation. It is said that the labor leaders are reticent, because they do not want their plans given publicity. Besides, they consider "Chicago the storm center of the controversy and they depend upon their fellow-workmen."

do not want their plans given publicity. Besides, they consider 'Chicago' the storm center of the controversy and they depend upon their fellow-workmen there for leadership. They say that they will obey the order they receive from there.

The strikers are strictly preserving the orders of President Donnelly not to create any disturbance, and the police report that since the zecond walkout they have not made a single arrest in the Armourdale district. A trivial disturbance occurred at the Cudahy plant today when a negro, who was trying to get over the fence at the plant, snapped a revolver at a striker and was shot at in return, but no one was hurt.

The situation at the local packing plants today was unchanged, except that Armour & Company, Swift & Company, and the Fowler Packing Company, claim that they had more men at work today than they had at the close of last week. Armour said tonight that there were 2500 or 2600 men, or two-thirds of the arment of the company.

all the plants worked up to the regular time, although at a reduced capacity. At Armeur & Co.'s plant it was claimed that 1880 hogs, 700 cattle and 200 sheep hid been slaughtered during the day. At the other six plants a corresponding amount of work was accomplished, and it was predicted by all that by tomorrow there would be a decided increase in the number of animals slaughtered.

The receipts of live stock here today were unusually small, being but 2000 cattle, 5000 hogs and 8000 sheep. About two-thirds of this stock was disposed of to the packers, and the remainder was placed in pens to be disposed of in tomorrow's market.

TO WAR UPON GANDIDATES.

(BY DIRECT WIRE TO THE TIMES.) day by the Labor Trust of the District of Columbia. Already made ridiculous by a strike of a handful of brewery firemen to compel the only anti-trust brewer in Washington to raise the price of his product \$2.00 per barrel at the behest of the brewery combine and monopolists, and furthermore not content with calling out the civil service bricklayers on government work because a colored man passed the examination and was accepted, the district labor agitators propose to enter the field of national politics with the avowed object of knifing every cándidate for reflection to the House of Representatives that did not obey the behest of the labor combine at the last session of Congress.

Bighty so-called leaders, delegates to the central labor union organized today the labor lyceum and bureau of information for a campaign in every Congress district where any candidate, regardless of party, is objectionable to the labor trust. F. P. MacGuire, a carpet dutter, was elected president, and E. T. Ratigan, allied building trades secretary. They annouced they would begin work August 15, sending tons and tons of literature and a big corps of spellbinders info each district where the war of thelabor combine against candidates is to be carried on.

DETERMINED STRUGGLE BEGINS.

'BY THE ASSOCIATED PRESS—A.M.],
FALL RIVER (Mass.) July 25.—The FALL RIVER (Mass.) July 25.—The strike order issued by the Fall River Textile Council, calling upwards of 30,000 operators to remain away from the mills today in protest against a reduction of 12½ per cent. in wages, hecame effective today and the response was as general as the labor leaders had predicted. Practically every one of the thirty-five mills involved shut down. There was no disorder.

order.

Both sides admit this is the beginning of one of the most determined contests which I'all River has ever seen. The managers maintain they were compelled to reduce wages to save their business, while the operatives say conditions affecting cotton manufacture hard did not warrant such a reduction.

DAY PASSED QUIETLY. DAY PASSED QUIETLY.

[BY THE ASSOCIATED PRESS—PM.]

FALL RIVER (Mass) July 25.—The first day of the strike of \$6.00 cotton mill operatives here passed of quiet.y. A portion of one mill was operated until noon today, and at anoperated until noon today.

the sympathetic strike, it is believed, will be a great dead more difficult than the adjustment of the difficulity with the butcher workmen, the original strikers.

If the unions live up to their piedge with each other, it means that all the unskilled workmen must be granted working agreements with the packers before resuming work. With the packers in their present state of mind, it is the general opinion that they will never agree to accept such a proposition, and that they would prefer to close their plants entirely rather than to concede such a demand.

With the detachment of policemen on each car, six trainloads of nonunion men were unloaded at the stock yards ionight to take the places of strikers. A majority of the men were taken to the plants of Armour & Co. and Nelson Morris & Co. These new arrivals, it was said by the packers' representatives, brought the number of new employés distributed among the plants to more than 7000.

Disturbances in the vicinity of the stockyards during this afternoon and tonight were numerous. The police were on the alert, however, and in each case the rioters were dispersed before they had been able to seriously injure any of their intended victims.

ATTACK BREAD WAGON.

Other mill some twenty men worked all day.

When the mill gates in Fall River than there of non-differed this morning less than three hundred, conservatively estiture, out of an army of 26,000 operated to an army of 26,000 operated for work. The Bourne and Narrangansett mills opened at the same out at noon, a large force of weavers returned to the Bourne works to operate the plant, and their arguments were so effective that not enough was abandoned at 2:30 o'clock this afternoon. Only a score of employés returned to the Narraganset mills opened at the stocky ards to hundred, conservatively estitures, reported for work. The Bourne and Narranganset mills opened at the stocky reported for work. The Bourne and Narranganset mills opened at the stocky reported for work. The Bourne of the hundred, conservatively es

Protest Against "Outrages."
CHICAGO. July 25.—Protests against so-called "outrages against union miners in Colorado" were made at a mass meeting today in Brands Hall under the auspices of the Painters' Union. Many trade unionists and Socialists attended. The speakers denounced the methods of Gov. Peabody and Gen. Bell and resolutions were adopted appealing for financial aid for the striking miners. The speakers were John Collins, Socialist candidate for Governor of Illinois, and James H. Cater of Denver.

Strike on Rapid Transit Subway. Strike on Rapid Transit Subway.

NEW YORK, July 25.—It is expected that tomorrow 3000 plumbers, tile-layers, electrical workers, plasterers and metal laborers employed on the Rapid Transit Subway will go on a strike. This is the long-threatene strike brought about by the amalgamated society of painters, which demanded an equal share of the painting work in the subway with the Brotherhood of Painters, a rival organization.

Alabama Strike Ordered BIRMINGHAM (Ala.) July 25.—The district convention of the United Mine Workers ordered a strike, which affected 6:79 men. Différences over wages, hours of work and differentials are the cause of the strike.

ROCKEFELLER PULLS OUT OF RAILROADING.

[BY DIRECT WIRE TO THE TIMES.]

N EW YORK, July 25.—[Exclusive dispatch. Double significance attaches to the retirment of John D. and William Rockefeller from the directorate of the Missouri, Kansas and Texas railroad, which property they have controlled absolutely for the past ten years. This step marks the complete transfer of the Rockefeller interest in the Southwestern railroad field to the Missouri Pacific and it corroborates the statement made several weeks ago that it was the purpose of John D. Rockefeller to withdraw from all boards of directors except that of the Standard Oil Company and perhaps one or two financial withdraw from all boards of directors except that of the Standard Oil Company and perhaps one or two financial

It is a fact that the Rockefellers are not the largest individual holders of Missouri Pacific stock. A very friendly feeling is believed to exist between the Rockefellers and George J. Gould, just as a friendly feeling exists between the Rockefellers and W. K. Vanderbilt. Should there be friction or dissension in either company, however, the Rockefellers would be found wielding a powerful influence over the destinies of the Missouri Pacific, as well as the New York Central. It is a fact that the Rockefellers are

TO COAST VIA UNION PACIFIC.

[BY THE ASSOCIATED PRESS—A.M.]

OMAHA, July 25.—Reports of the building of a cut-off from Marysville, Kan., to Topeka, Kan., and the future operation of through passenger trains from Kansas City to the Pacific Coast over the main line of the Union Page 1981. over the main line of the Union Pacific were confirmed at the headquar

cific were confirmed at the headquarters of that road today.

The Union Pacific will build about 100 miles of new track from Topeka to Marysville, work on which will begin at once. When this line is completed through trains, will then be run from Kansas City to Topeka over the Kansas division, thence north to Marysville, Kan., where the tracks of the St. Joseph and Grand Island will be used to Grand Island, Neb., where they will go west on the main line.

The St. Joseph and Grand Island was once a part of the Union Pacufic system, but has been segregated since the receivership of the latter, and operated independently.

the budging eyes of the gaping,
grling people.

d such a mixture! Second-hand

galore cholos, negroes, tramps for a new outfit at a bargain, h women with gay, shawls over their heads and about

goods could be claimed until after the auction and that was when the rush began.

"All sold!" shouted Clark at 4:55 o'clock and 500 claim cards were thrust into the air all at once and as many numbers were called as the mad rush against the rampart began. The long suspense was over and everybody wanted to open his prise and see what luck. Outside were dozens of express wasons and rigs of all descriptions and these were rapidly filled with the traps and plunder. In many cases whole families had come down 'to see paps bu,' a trunk" and the poor mother and scantily-clad children crowded around as the purchase was forced open revealing the wealth within. Many a one was disappointed and sneaked away feeling that every man, woman and child in the whole place was laughing at him. Others shouted for joy upon the discovery that ten times the value of the auction prise was contained within the box or basket.

One young man ripped a board off a box for which he had bid \$2.75 and found a brand new bleycle, which had been shipped in pieces and marked something else to get a lower rate. An old bundle, presumably blankets, revealed a McClellan saddle. A lood cheet, which brought \$10, contained \$100 worth of tools. But on the whole the prizes were in proportion to most lotterles and the railroad company got the best of it.

An itemization of the sale shows that forty tranks were sold, two bringing \$15 each; 287 vallses and telescope baskets, ranging anywhere from 50 cents.

bag's filled with paper," and likely SKELETON IN

REALIZATION.

and 34.50; three tool chests; four cots; 540 bundles, a galvanized tub, demijohns, etc.

According to the law of the State,
baggage or freight which is uncalled
for over thirty days can be put in a
warehous, and storage charges assessed against it. At the end of sixty
days the goods are advertised and sold
at public auction. The railroad company is simply the custodian of the
packages and has no authority or right
to open any of the unclaimed baggage
and no man is supposed to know the
contents until the purchaser makes
his breathless investigation. The proceeds go first to pay for the advertising and expenses of the sale, and then
to the payment of charges held against
the luggage by the railroad and the
warehouse. If there is any money left
over, it soes to the county school fund.

Well Known Arizonan Dies in This

City and is Buried in Calvary

At the Santa Fe's Unclaimed Baggage Saie.

in to see the fun.

The heat in the great metal-covered warehouse was excessive; men took and their coats and collars and the women tolled up their sleeves and nopped their faces with handkerchiefs which became sadly soiled in a very few migutes. Little children were never more excited over a Christmas tree than was that cosmopolitan mob of humanity over those relies of travel.

The auction was held in the main room of the house, a place about 100 feet square with a kind of a second slory gallery running across the south and. On the right upon entering was a high hollow square of trunks and hoxes with the front end fitted up as a stage. On this stood the figure of the day, Auctioneer T. B. Clark, with his long-armed assistant to reach fot the "dough" and collar those who tried to duck after the fatal bid had been made. High up on one corner of the rompart sat Bargage Masser Harry Isaacs in all his glory with coat and vest off and shirt unbuttoned at the front. Near him was the cashier of proceedings. E. Cooper, who left the place at 6 o'clock a worn-out man, with a heavy grip of sliver in one hand, a mop cloth in the other and two body grards.

In front of the bargage fort was a swaying crush of men and women—the principal bidders. Back of them the dress circle was formed by a graded pile of sacked grain which went up tier by tier to a height of afteen feet. This resembled an ant hill. Farther on were bales of paper bags stacked in reserved seals and then there was the broad statiway leading to the packed balcony.

The selling sounded like the rise and fall of the tide, the crowd becoming slient as a feal was closed only to break forth in a wild roar as the meat article was held up to view. No movement was left unnoticed and the place rang with sarcasm and merriment whenever an over-anxious buyer was stuck in the estimation of the onlockers.

"Wow! It is painted yellow. Ain't it a dandy. It's full of castoria, shouted Clark as he held an old diapidated satchel high in the air. "What, two-bits! Ain't you ashamed

left behind.

He was buried from the Plaza Catholic Church, in this city, yesterday, interment being at Calvary Cemetery. Many of his old-time lowa and Arizona friends who happened to be in the city attended his funeral. Crystal Waters of Lake Tahoe. Crystal Waters of Lake Tahoe.

No one ever forgets the crystal clearness of waters of Lake Tahoe nor the wonderful shades of color that are seen there. No other take is the world, perhaps, is so beautiful, and certains some has such a variety of a tractions for sightseer or camera. The mountains, forest, trout streams and smaller lakes around Tahoe really make it "the gem of the streams. Train leakes San Francisco daily at \$18 p.m.; consecting with 1112s p.m. train from Los Angeles exeming previous. Folder and details of any Southern Pacific agent."

Fage and Horgan threw themselves on the lid to keep it down, but Goodhue seconded Bullfinch's motion and, aided by Jessup, the skeleton was brought triumphantly forth.

Bullfinch argued that the action of the board in adopting the text-books was not legal for the reason that the committee's report was presented in manuscript form, rolled up and guarded by rubber bands. Bullfinch wanted to rubber himself, but the board forestailed him by a resolution that the books be adopted without the residing of the report. Now Bullfinch claims that the action of adopting books without letting members of the board know what they were was not according to Hoyle. He wants to have the awarding performance reënacted for the benefit of some dealers who think they would fare better in a recount.

think they would fare better in a recount.

Horgan and Monroe saider number of unkind things about Mr. Sullfinch's actions when the committee report was under consideration. According to their story Bullfinch's record for stubbornness would make a Kentucky mule take to the woods. Horgan said that the report was laid over for two weeks for the express purpose of giving Bullfinch an opportunity to peruse its contents; but that he refused to do so and then came in and kicked after the report was all ready for adoption. Bullfinch repeatedly interrupted the speakers, asking them to confine themselves to statements of facts. The discusion was growing Pickwickian in the extreme when President Ellis brought his gavel down with a whack and declared there was nothing before the board.

Goodhue again seconded a hypothet-City and is Buriad in Calvary
Cemetery.

William H. Rule of Tucson, Ariz, died at the Sisters' Hospital in this city on Saturday last. Mr. Rule was 69 years of age and was a native of Scotland.

When a small boy he removed with his parents to De Witt, Iowa, where he remained until about twenty-five years ago, when he came to the Pactific Coast, and settled in Tucson, where he has lived ever since, and was recognized as a good and progressive citizen.

He married in Tucson a Miss Angeline F. Yorba, and leaves a widow and two children, a girl 12 and a boy 8 years of age, to mourn his loss, and to whom his many friends and the citizens generally of Tucson extend their deepest sympathy.

Mr. Rule was a successful business man and had accumulated sufficient property to care for those whom he

brought his gavel down with a whack and declared there was nothing before the board.

Goodhue again seconded a hypothetical motion from Bullfinch that—the City Attornev be appealed to but the other members of the board voted the motion down.

The following report from the Teachers' Committee assigning teachers for the next term was adopted without debate:

Grand Selection—"Martha" Flotow
Intermezzo—"Cupid's Pleadings" Volker
Japanese War March Holst INTERMISSION.

Overture-"Tempelvelhe"Kiler-Bels

These delightful park concerts, which were in-augurated three weeks ago by the Walk-Over Shoe Co., in appreciation of the liberal patronage bestowed by the public on the famous "Walk-Over" \$3.50 Shoes for men and women, have met with great public approval, thousands testifying to their pop-ularity by turning out each Tuesday evening to hear them.

EVERYBODY IS CORDIALLY INVITED TO HEAR THIS TALENTED MUSICAL ORGANI.

The Walk-Over Shoe Store 111 South Spring Street F. F. WRIGHT & SON, Inc., Props.

BLESSES CALIFORNIA. At a recent meeting of a number of Eastern friends at his home in Holly-

Eastern friends at his home in Hollywood, Paul de Longpré being asked if he did not sometimes regret his move to California, the artist answered:

"I am happy to say that I bless the day when the first idea of coming to California came to me. After five years living in this beautiful and unique country I would say to the tourist seeking new and grand scenery; to the business man overworked seeking rest; to the capitalist seeking profitable investments and to the invalid

fitable investments and to the invall-

fitable investments and to the invalid seeking health—come to this paradise of America—to Southern California. Come where summer and spring are ever commingling. Come where every breeze is laden with health giving baim; where the frost king is unknown; where gardens are always green and flowers forever bloom. When the storms and blizzards sweep the eastern states, here the fruits of the tropics glow in golden splendor in emerald setting of foliage and millions of blossoms garland every nook and dell. Come, come, where every day in the year, under blue skies, one can hear the multitude of birds singing their hymns of joy to the Creator."

ACQUITTED OF TREASON. ACQUITTED OF TREASON.

KOENIGSBURG, (Prussia) July 25.

—All the accused in the trial for high treason and conspiracy against the Russian Emperor were acquitted today of treason, as had been expected, and three—Kogst, Ehrenfort and Braunwere acquitted on the charge of conspiracy. The other six were convicted of conspiracy and sentenced to short terms of imprisonment. The acquittals on all the treason charges pleases popular feeling, which is against Russia at this time.

GOOD CATCHES SCORED OF SOUTHERN BEACHES.

Instance of the Luck There is in Fishing — Warden's Fine Catch Near Alamitoe—A Large Crowd at Huntington Beach — The Game

Rather better sport with corbit than had been expected was enjoyed Sunday afternoon by a few of the elect who happened to be at the right spots on the southern beach during the early evening hours. Just at the turn of the tide before dark the fish began biting flercely, and though not of large size, they made up for any weight deficiencies in number and voracity. "Billy" Warden and a pa ty of three held forth at a spot south of Alamitos Bay, which the refuse to divuige, and caught several dezen surf fish averaging about a pound and a half apiece. Had they been able to stay another hour Warden thinks the catch would not have been equaled in numbers by any recorded heretofore this season.

eason.

At Huntington Beach the usual crowd was in attendance, and the sport was of ordinary class. W. G. Stearns, Ha y Slotterbeck, R. Campittania, Ha y Slotterbeck, R. Campittania, Ha y Slotterbeck, R. Campittania, Ha sport was of ordinary class. W. G. Stearns, Ha y Slotterbeck, R. Campbell, R. Kremer, Tommy Prizdent, Lon Marshall, Ed Gerson, J. and C. Luckenbach were a few of the forty odd who were on the wharf fishing at various hours of the day. Little Tommy did the heaviest business with corbina, camping at one spot. He pulled out about half a dozen good ones during the day, but rany of the others went away disgusted. Those who had the "savyy" and the luck eked out fair messes by staying with the game all day. By way of proving the old adage that there's luck in fishing, a resident of the place brought out his rod at 5:30, at the second cast nailed a sixpound surf, and landed him in about five minutes, going right home with his prize. The rest had been gunning for the big fellow all day, as there was unmistable evidence of his presence, but he waited for the right one, and then did business with the bait.

A few fair catches of big yellowins

WHAT IS CATARRH?

Hyomei cures catarrh by the simple method of breathing it into the air passages and lungs. It kills the germs of catarrhal poison, heals and sootnes the irritated mucous membrane and effectually drives this disease from the system.

brane and effectually drives this dis-ease from the system.

If you have any of the following symptoms, catarrhal germs are at work somewhere in the mucous membrane of the throat, conchial tubes or tissues of the lungs.

huskiness of voice on sense of the lungs. huskiness of voice on sense of the local stoppage of the nose at night aching of the body droppings in the threat mouth open while skeeping tickling back of the paste formation of crusts in formation of crusts in the morning loss of strength spassms of coughing cough short and hearing eough worse nights and mornings loss of vital force a feeling of tightness across the upper part

Hyomei will destroy activity of a starrhal germs in the respiratory o

NEWS AND BUSINESS.

Pienie for Orphans.

The Salt Lake Road has extended free transportation to the children of the Guardian Angel's Home who will plenie at Terminal Island Saturday. There will be over 100 in the party.

fhere will be over 100 in the bady.

Morning Hold-up.

Alexander Fraser reported to the police yesterday that he was held up by two men at Vine and Jackson streets at 2 o'clock in the morning and robbed of \$30 and a gold watch. The robbers missed \$15 he had in his right-hand trousers pocket.

hand trousers poeket.

Goes to Chicago.

T. J. Norton, general solicitor of the Pacific Coast lines of the Santa Fé, left last night for Chicago to be in the general offices of the company during the absence of two of the officials on a European tour. He was accompanied by his sisters, Minses Sars and Katherine who will visit St. Louis.

General Manager A G. Wells of the Santa Fe, accompanied by his wife and daughter, left Saturday night in his private car for New York where Miss Helen Wells will take steamer for Europe. On the way back Mr. Wells will spend some time in Chicago and visit the St. Louis Exposition.

Fired by Boya.

A frame shack at the north end of the Broadway tunnel, which had just been vacated by the laundry of Wong Yick was damaged by fire to the amount of \$150 yesterday afternoon. Tick had left nothing in the place, and it is supposed that boys in the neighborhood set fire to the building just to see it burn.

Bankrupt.

The Long Beach mercantile firm of H. H. Brown and C. R. Seward is financially all in, and yesterday the partners—through attorneys—filed a petition in bankruptor before U. S. Judge Olin Wellborn. The assets of the firm are only 4400, and they claim \$215 of this is excepted. They owe \$77.50 in various unsecured claims.

General Passenger Agent G. A. Parkyns of the Southern Pacific returned yesterday from San Francisco where he has been since Thursday in a session of the General Conference. General Superintendent R. H. Ingram of the Southern Pacific left yesterday for San Francisco to participate in a conference with employes of the company.

The runaway team of an early-rising Chinese vegetable vender dashed
across the sidewalk on Third street
at 3 o'clock yesterday morning and
smashed the big plate-glass window
of the Norton & Hay Realty Company at No. 318 West Third. The
chink landed on his queue, but escaped
without any broken bones. He thinks
that some drunken straggler threw a
rock at his horses.

William Bosbyshell has purchased of J. W. Overholder, through the agency of Althouse Bros., a modern eightroom frame dwelling, with lot 65x150 feet, on the west side of Eiden avenue, 200 feet morth of Pico street; consideration named, 37250. Thomas Mc-Keever sells to a local investor, 40x165 feet, on the east side of Olive street between Eighth and Ninth street, with rame cottager No. 836; consideration named, 312,000.

Work of a Vandal.

Athletic Entertainment.

The Athletic Association of the Y.M.

C.A. will give an entertainment in Hazard's Pavilion on Friday evening, July 29, for the purpose of raising money to defray the expenses of a team of six men to take part in the Olympic games at St. Louis on August 29. The men chosen to represent Southern California are from the local association, and have made average records in all the events. They will be assisted in the entertainment by two noted Japanese wrestlers and other local entertainers. Besides athletic events there will be an excellent musical programme.

Athletic Entertainment in Yaming at 100 of the Trainment Southern California are from the local association, and have made average records in all the events. They will be assisted in the entertainment by two noted Japanese wrestlers and other local entertainers. Besides athletic events there will be an excellent musical programme.

musical programme.

Night of the Choppers.

Over three hundred persons attended the public installation of officers of La Ffesta Lodge, No. 63, Woodmen of the World, at No. 153, South Spring street last night. Past Congul Commander T. L. Chapin was installing officer and J. P. Transue, Head Escort. The following-named were inducted for the half-year term: P. C. C. C. M. Hoff, C.C., Frank Bagley; A.L., T. L. Barlow, Banker, Dr. L. D., Swartout; Clerk, John H. Foley, Escort, C. G. Gregory; Watchman, Alexander Woodana, Sentry, D. R. Curtis, J. O. Cowell, on behalf of the camp, presented Consul Commandes, Frank Bagley with an ornate emblematic badge as the insignia of the office. The recipient responded, A professional prestidigitator did slight-of-hand work and other tricks, and the remainder of the evening was spent in dancing.

the evening was apent in dancing.

Walking-boy Entertainers.

At the Tabernacie last evening the Columbia Park Boys' Club of San Francisco was heard in a unique and original vaudeville performance. Their versatile training at their school in San Francisco has fitted them as funmakers. There is a military band, a crack drum and bugle corps, three companies of infantry, a gymnasium club, a music club, a giee and mandolin club, all combined in about 160 boys. A picked twenty-eight of the best entertainers are down this way for an outing, and are working their way by giving entertainments. Their home in San Francisco is made possible by a number of benevolent women of that city, and their lessons include music, art, literature, afhietic exercises, army tactics, the learning of a trade and all that goes toward making a healthy and wise American boy. It is a home in every sense of the word, and in return for this kindness each waif who comes within the shelter of the home is required to work his way by becoming a good student, a good mechanic and a good man. These boys, now camped at the Chute, will be heard in a programme at Elks Hail Thursday evening. The sale of seats is now on at No. 250 South Spring street.

BREVITIES.

Subscribers to The Times are offered a \$7.50 Columbia graphophone at cost of freight, handling, etc. to wit; \$1.25, which includes a single record of your own selection. The price of gold-molded records under this arrangement is 25 cents each (former charge 50 cents each.) The machine can be heard to play at The Times office, where it is on exhibition daily. The

Department.

Real estate operators: The Times Real Estate Number to be issued early in August will be designed for distribution among home seekers, settlers and tourists. Those desiring advertising space in it should consult the business office early, as only a limited amount of advertising will be received for it. The "Liner" rate will be 3 cents per word.

Estimates furnished by Mrs. E. A. Brady, 716 Braly Building, for unique designs in wedding banquets, church, house and table decorations. Mail orders receive prompt attention.

The Times' Home "phone number

START MADE ON CITY'S GREAT IMPROVEMENT

Stakes Driven Yesterday for the New Million Dollar Main Sewer.

Brisk Beginning of Work by the City's Engineering Force-Contractors to Throw Opening Shovelful of Earth Today and the Big Job to be. Completed in a Year-Tunnel First.

O N THE beautiful rolling mesa at Inglewood was inaugurated yesterday the greatest public improvement ever undertaken by the city of Los Angeles.

City Engineer Stafford and his assistants drove the stakes locating shaft No. 1 on the line of the great outfall sewer, where the first shovelful of dirt will be thrown this morning by Stansbury & Powell, the contractors for the labor.

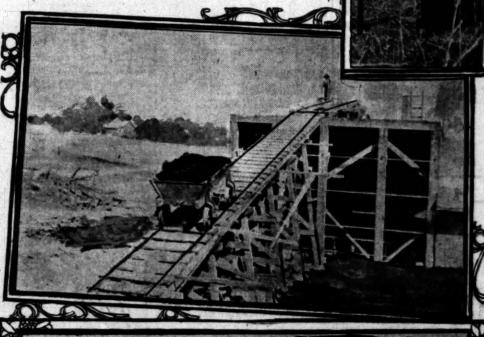

The drst section of the sewer to be tempered with the required amount of water, mixed by means of arms on a vertical shaft as it moves through a trough to the apparatus which forces with rough a die, coming out in a continuous stream 4½x9 inches. It is hard, smooth affil lubricated on all sides with crude oil, automatically applied as it comes from the machine. A rost to the men as it passes over the cutting table, as it passes over the cutting table.

CHINK CUT CHINK.

uarrel Between Chinamen Results

Top picture is Engineer J. M. Marks placing center stake of shaft No. 1 of new sewer. The middle picture shows the first kiln of sewer brick. Below is a load of clay going up the incline to be dumped into the great brick machine.

constructed will be the tunnel, over two miles in length, and shaft No. 1 is about in the middle of the tunnel and also almost exactly midway in the total length of the sewer, being six miles from the ocean and six miles from the southwestern portion of the city where the sewer starts, at the junction of Jefferson street and Wesley avenue.

Along the two miles of tunnel six iteen-inch steel pipes were sunk about every 1000 feet, to test the character of the formation before the contract was let. These pipes, which are termed "wells" in the specifications, extend down to a level with the bottom of the tunnel, the distance from the surface varying according to the nature of the topography of the route, the tunnel while the work is in progress. The depth of shaft No. 1, where the elevation is 100 feet above sea level, will be thirty-two feet; the depth of shaft No. 2, a thousand feet farther east, will be sevently feet, and the depth of No. 2, a thousand feet farther east, will be sevently feet, and the depth of No. 2, a thousand feet farther east, will be sevently feet, and the depth of No. 2, a thousand feet farther east, will be sevently feet, and the depth of No. 2, a thousand feet farther east, will be sevently feet, and the depth of No. 2, a thousand feet farther east, will be sevently feet, and the depth of No. 2, a thousand feet farther east, will be sevently feet, and the depth of No. 2, a thousand feet farther east, will be sevently feet, and the depth of No. 2, a thousand feet farther east, will be sevently feet, and the depth of No. 2, a thousand feet farther east, will be sevently feet, which is the greatest depth from the surface attained at any point on the line.

In the accompanying picture J. M. Marks, one of the engineers, is indicating the same profice at Inglewood have been prepared as the point of supply for the first portion of the work by complete the profice of the point of su

ALTADENA GARDENER HELD UP ON WILMINGTON STREET.

Alex W. Fraser Missed Last Car to Pasadena and Accepted Invita-tion to Share Room of Well Dressed Man, Who Later Assisted in Hold-

missed it, and as he was slowly returning to First and Main streets he was accosted by a well-dressed young man who told him that he would share his room with him. Fraser consented to accompany the stranger, and before they started they had a drink. Then the stranger led his victim to Wilmington street, where another man sprang upon Fraser from behind and choked him, while the first robber presented a revolver at Fraser's head and demanded his money. The two highwaymen searched their victim, securing about 140, but missing \$15 in gold in a fob pocket. They then left Fraser and escaped. COMETHING DOING

Big wagons, drawn by many horses, are today creeping up the rough and winding road over the but thousands of tons of coment. In the silent valley of queer vegetation which forms the arrowhead, workmen with blueprints and dynamite and power-driven tools and dynamite and power-driven tools are made to the serve that the properties of the serve the arrowhead workmen with blueprints and dynamite and power-driven tools are highly to the properties of the serve the serve that the serve

I of new sewer. The middle picture is up the incline to be dumped into gup the incline to be dumped into the incline to be available. It is the intention to distribute the enormous electrical energy thus generated throughout the San Bernardino Valley, affording reasonably cheap light and power to Riverside. Reduction to the content of the state throughout the San Bernardino Valley, affording reasonably cheap light and power to Riverside. Reduction to the content of the state through the territory with copious water for irrigation—and, perhaps, to string high-power transmission wires clear into Los Angeles, which is reported, to utilize more electrical energy than any other city of approximate population in the world. This year, said Mr. Schuyler, "will see the completion of the core wall, which a being constructed through bedrock forty feet below the surface. Two more years of steady work problems and the police were notified, but they have been unable to find the man who used the knife.

ROBBED BY

TWO PROWLERS.

The provided the surface of the power plant, as the building of conduits, blasting, conducting the police. The news that present the construction of the power plant, as the building of conduits, blasting, conducting the police. The news that present the company in preliminary work, such as the building of conduits, blasting, the police was the police were notified, but they have been expended by the company in preliminary work, such as the building of conduits, blasting, the police was the police were notified, but they have been expended by the company in preliminary work, such as the building of conduits, blasting, the police was the police were notified, but they have been expended by the company in preliminary work, such as the building of conduits, blasting, the proposition of the core wall, which are the proposition of

mate population in the world.

"This year," said Mr. Schuyler, "will see the competion of the core wall, which a being constructed through bedrock forty feet below the surface.

Two more years of steady work probably will be required to fully complete the construction of the power plant. Already several hundred thousands of dollars have been expended by the company in preliminary work, such as the building of conduits, blasting, etc., and more than \$1,000,000 will be spent in completing the job."

Pigeons for Nayal Usa.

The news that pigeons are being used to convey news of the raising of the illi-fated submarine reminds one that these useful birds are part of the personnel of our navy. There are government lofts at Portsmouth, Dartmouth and elsewhere, and the birds are numbered and registered in exectly the same manner as our blue-jackets themselves. In the Portsmouth lofts, which are in the Royal Clarence victualing yards at Gosport, and from which the birds now doing such useful work are drawn, is an office where the official og books are kept with the utmost detail and precision. There are studied to the use of the "home office and demand the use of liberation, another to pigeons homing at the loft, and in another volume the various messages carried by the birds are pasted. Among these it is interesting to notice many that have been sent to the lofts by members of the royal family when crossing the channel. The moment: a bird enters the loft it is automatically shut into a box by the dropping of a noiseless slide, and an electric bell summons an attendant to take the message it has brought—I Westminster Gazette.

An American mining engineer, White, has arrived at Rio Janeiro. He has sold gold buckles. Some of these are submining with four properties and report books in the control of the royal family when crossing the channel. The moment: a bird enters the loft it is automatically shut into a box by the dropping of a noiseless slide, and an electric bell summons an attendant to take the message it has brou Alex W. Fraser, who is employed as gardener on the extensive estate of the late Andrew McNally in Altadena, was the victim of two highwaymen between 2 and 3 o'clock yesterday morning, on Wilmington street, near Commercial, and was robbed of about 440. The fact that Fraser had been drinking led the detectives to believe that there was nothing to his story; but hours later, after he had become sober, he led the officers to the scene of the robbery, and gave them the same statement. He was not so drunk at any time that he did not know what he was doing, and his appearance showed that he had been roughly handled.

Having spent Sunday evening in the city, Fraser intended to catch the last Pasadena car, He ran for it, but

AT THE CITY HALL, DARKED UP WRONG TREE

NOT TO BLAME.

et Ward Councilman Gives Lie Evening Papers by Declaring

"I want to say to you people of the sixth Ward that I, and I alone, am responsible for changing the slaughterhouse ordinance so that a portion of your ward is included in the district.

"If you want to blame anyone, blame me. I did it."

Thus spoke Councilman McAleer as he turned in an impassioned speech before the Council yesterday and spoke directly to the people in the gallery. It was a straightforward statement and left no doubt in the minds of his hearers as to its truth.

For weeks the eventing papers have been persecuting Davenport for starting a movement to place (as they declared) a slaughter-house in the midst of the homes of his constituents. In their fevered imaginations Davenport was instigator and prime mover in this business.

In the meantime McAleer was held up as a model Councilman—the true friend of the people. He was their idol.

McAleer was away on a businness

friend of the people. He was their idol.

McAleer was away on a businness trip and could not make a statement that would put his brother Councilman in the true light.

Not by word or deed did Davenport insinuate that he was not the father of the project. Not one word did he say that showed the position he occupied in the matter.

Yesterday McAleer spoke, and he spoke like the true man he is; but what he said was like gail and wormwood to Davenport's enemies, for they beheld this most "awful of his crimer" in a new and different light.

Seldom has the Council held a more stormy meeting that that of yesterday afternoon.

stermy meeting that that of yesterday afternoon.

Nearly the entire session was given over to the discussion of the slaughter-house quection.

Nearly everybody seemed to be represented by attornews, and at times the array of legal talent extended almost around the semi-circle of seats in which the Councilmen are seated.

Just how narrowly a hair-pulling match in the lobby was averted will never be known. Sergeant-at-arms Goodwin heard the disturbance, and rushing out into the lobby succeeded in getting the combatants separated before any damage was done. Little differences among men in the chamber are not unknown, but the nind of man runneth not to the time when there was any likelihood of women coming to blows there. mater its known. Sergeant-at-arms Goodwin heard the disturbance, and rushing out into the lobby succeeded in getting the combatants separated before any damage was done. Little differences among men in the chamber are not unknown, but the nind of man runneth not to the time when there was any likelihood of women coming to blows there.

Mrs. W. H. Winter had just finished giving testifingny before the Council and was returning to her seat when the trouble began. Mrs. Winter had given evidence in favor of the slaughter house people. There were a number of chiefs women there were a number of chiefs women there was a discrete with a control of the park from the first, but the council of the park of the same than the council of the park comprises a trifle over ten acres and contains several of the largest sycamore trees in this section. It was to save these trees from being cut down that the Council, some months ago, secured an option on the property.

Davenport, who has opposed the acquisition of the park from the first, and asked that he be allowed.

for anything else.

H. D. Chapelle, recently from Chicago, testified that the Swift and Armour families live near their packing-houses. Shapelle said he had lived near packing-houses a great deal and did not think they were unhealthful.

"Didn't you have to come out here

for your health, Mr. Chapelle?" asked Attorney Galbreth with a laugh. Chapelle admitted that h did.

After Mrs. Winter had testified a vote was taken on Davenport's motion.

Owing to the fact that Todd would not vote for the abolition of this district uniess the district in his ward was also set aside, the motion was lost by a vote of 5 to 4; Davenport, Farish, Kern and President Bowen voting for the repeal of the ordinance fixing the district, and McAleer, Nofziger, Skilling, Summerland and Todd voting against.

Following this action, the question of the Cudahy and Maier plants was taken up. E. L. Hutchison, representing some of the residents in the vicinity of these proposed establishments, made a long talk against their being allowed to operate there. He said that the excrement from the animals about to be killed was often piled up as high as fifteen feet at the old Cudahy plant, and many people had been forced to leave the district on account of the awful swells emanating from the place.

McAleer interrupted "Hutch" in his harangue and declared that Hutchison was a member of the Council when the ordinance making the present locality a part of the slaughter-house district passed. Hutchison denied this, and declared that he had never voted for the district.

"Hutch" closed his talk by making an appeal to the Council to set aside

district.
"Hutch" closed his talk by making an appeal to the Council to set aside this district, because the proposed plant was within 200 feet of a public school where over 600 pupils are taught

school where over 600 pupils are taught every day.

Maj. Jones, representing the Maier concern, said that it is the intention of his people to build a modern plant, and that he could guarantee that no offensive odors would come from it. He said the concern would be pleased to submit plans of the buildings to the Council for its approval, and that they would make any alterations the Council might suggest in order to make the plant more sanitary.

After McAleer's sensational speech a vote was taken on the motion to eliminate the land owned by Cudahy and Maier from the slaughter-house district. It was lost by a vote of \$ to 3, Davenport, Farish, McAleer, Nofsiger, Summerland and President Bowen voting against the abolishing of the district, and Kern, Skilling and Todd voting for it.

NEW PARK.

The purchase of Sycamore Grove was consummated yesterday, when the contract between the city and the Home Improvement Company passed the Council.

better of it, and asked that he be allowed to change his vote to "Yea."
McAleer protested, and said that inasmuch as Davenport had opposed the movement from the start, he would not accept his vote now, even if the city did not get the park.

NEW LIGHTS.

APPORTIONMENT MADE.

The 175 additional street lights were apportioned among the nine wards of the city by the Council yesterday.

It is aimed to have the new lights in operation on the first of next year, and they will be included in the contract for the coming year.

The apportionment was made on motion of Councilman Farish.

Of the new lights eighteen will be given to the First Ward. The Second Ward will get fitteen, and the Third Ward a like number. Twenty-eight will be installed in the Fourth Ward, and twenty-nine will be located in the Fifth. Councilman Davenport secured the largest number for his bailiwick, thirty new lights being allowed to the Sixth Ward. The Seventh Ward will have fifteen additionals, and the Eighth Ward gets ten. Fifteen lights were granted to the Ninth Ward.

Laundries Barred.

Laundries Barred.

The Council passed an ordinance yesterday prohibiting the establishment of laundries in the Second or Third wards.

There was some opposition to the ordinance from the members for other wards, but after some discussion the ordinance passed by a vote of 5 to 4.

Council Notes.

The contract for hose wagons was let to the Nott Fire Engine Company of Minneapolis at \$1485 each. Carl Leonhardt was given the contract for the construction of the Aliso-street bridge, at \$53,101. The Sunset Brick and Tile Manufacturing Company was awarded the contract for furnishing the city with vitrified brick for the storm sewer.

The salary ordinance for the employes of the fire department, as recommended by the Fire Commission, passed the Council yesterday.

The Board of Equalization will begin hearing protests today.

The morgue ordinance was amerided yesterday so as to exclude the territory in the immediate vicinity of the Women's Club House from the district in which undertaking parlors can be established.

Peek and Butcher were awarded Council Notes.

the contract for doing the cement work in the city parks.

The petition from the poolroom own-ers, asking for a modification of the poolroom ordinance, which was re-ferred back to the Council from the Police Commission, came up yesterday and was promptly ordered filed by the Council. Council.

This action settles the poolroom question for the time at least.

AT THE COURTHOUSE, BRIQUETTES OF ACCUSATIONS.

LOCAL YOUNG BUSINESS MAN IS

Frederick D. Parker and Howard E. Marsh Charged With Having Fraudulently Obtained Money for Patent-Allegations Are Stoutly

Frederick D. Parker, a young business man, well known about the city, was arrested yesterday and arraigned before Justice Pierce on seven distinct charges. He is accused jointly with one Howard E. Marsh with having

one Howard E. Marsh with having fraudulently obtained \$357 from each of the following-named parties:
J. S. Scarborough, Ed Neiser, George W. Walker, F. M. Vale, J. W. A. Off. Theodore Davis and W. P. Wagy, by alleging that he and Marsh were owners of a certain "briquetting machine," and under certain promises of sale made over a patent right which was not theirs to convey.

council for its approval, and that they would make any alterations the Council might suggest in order to make the plant more sanitary.

After McAleer's sensational speech a vote was taken on the motion to eliminate the land owned by Cudahy and Maier from the sleapher-house district. It was lost by a vote of 6 to 3, Davenport, Farish, McAleer, Nofsiger, Summerland and President Bowen voting against the abolishing of the council them turned to other matters, but before adjourning came back to abattoirs again, and instructed the City Attorney to draft an ordinance compelling all owners of slaughter-houses and packing establishments to submit plans and specifications of all buildings to the Council and Board of Health before any work of construction is begun.

The Council instructed the Health officer to report at once on the present to make the appointment of J. B. Lippincott as a member of the City Service Commission to take the place of H. S. McKee, who recently resigned.

McKee, who recently resigned.

McKees resignation was que to the fact that he is not now a resident within the city limits, and therefore city's commissions.

The commission to take the place of H. S. McKee, who recently resigned.

McKees resignation was que to the fact that he is not now a resident within the city limits, and therefore city's commission.

The council time the city acquired its was larged to have its engineer and inventor, and it is claimed by Simmons he was under contract within the city limits, and therefore city's commission.

The appointment of Mr. Lippincott was contramed tunanimously.

At the City Hall the appointment was received with much favor, for Mr. Lippincott's services to the city are was contramed tunanimously.

At the City Hall the appointment was received with much favor, for Mr. Lippincott's services to the city are was contramed to the council services of the service

ent an outrage. In this Parker con-curred, rnd added a few words him-self.

"The fact is," said the attorney, "that harsh and Parker last March entered into an agreement through W. P. Wagy and Theodore Davis to build a briquet-ting machine under the Coleo process for \$2500. Wasy and Davis were to pay the cost of construction, and any halance remaining was to be red over for \$250. Wasy and Davis were to nav the cost of construction, and any halance remaining was to be paid over to Marsh and Parker. The seven men here who are made by Simmons to annear as compilananta, accented the proposition, with the result that \$500 was paid to Marsh and Parker. "The machine was to be built from points and under, a patent which Marsh claimed to own: but no patent had ever been issued and only application had been made. This man. Simmons claims, Marsh had assigned his right's to the National Fuel Company. Marsh claims the National Fuel Company failed to pay his expenses, and he resigned. The effect of this on the contract he may have had with the company must be determined by the courts. Mr. Parker never claimed to own an interest in any patent, and did not try to sell any.

"The machine built by Marsh and Parker was accented by Mesars, Wagy and Davis, as trustees for the syndicate, as entirely satisfactory. Of the four members of the syndicate now in the city, rot one knew of the criminal proceedings instituted by Simmons. We have seen them, and all say Parker claimed no patent ownership, and there was no fraudulent dealing. Simmons is trying to force a settlement with Marsh, and this is nurely a case for civil action. Parker is not involved.

"Marsh had other inventions, and Wagy went in with him for the purpose of taking out patents upon them, but Parker was not included in that enterprise at all. Then, too, Marsh assigned to Wagy a half interest in the two inventions, and an agreement was entered into with the syndicate by which a corporation was to be organized for the exploitation of these inventions in the Pacific Coast States and part of Canada."

Mr. Parker related how it was that Davis was hungering for some kind of a briquetting machine. He told how Davis had gone to St. Louis to look the matter up, and raised \$1000 to obtain rights to a progeoses there; but everything went wrong, and the machine was useless for practical purposes. Then Parker and Marsh appeared upon the scene. Park

own recognizance on the remaining charges. James M. Parker, a whole-sale liquor dealer, and F. D. Parker, who conducts a plumbing establishment, qualified as bondsmen. It is a peculiar case, with many kinks, and the defense claims Simmons will have no witnesses to testify to any fraudulent transactions.

The hearing will be August 3.

HONORS ARE EASY. GOODWINS REMAIN MARRIED. After a prolonged hearing Judge Conrey yesterday gave his decision in the divorce application of Gertrude D. Goodwin against James F. Goodwin, and adverted at some length to the peculiarities of the case.

The wife claimed cruelty and habit-

Trial by Justice Chambers. The wife claimed cruelty and habitual intemperance, the latter being the charge upon which tress was laid. The husband didn't put in any cross-complaint, but just contested his wife's application on general principles. He charged her with being a habitual gadabout, and with having knocked the corners off the seyenth commandment.

The court did not pass upon the allegations made by the husband—he said it wasn't necessary, but he hoped they were not true. But he said that at the very least the wife had been most in discreet in her friendships. With regard to the wife charging her husband with habitual intemperance Judge Conrey said the wife charging her husband with habitual intemperance Judge Conrey said the facts did not square with such contention. It is notorious that a man given to habitual intemperance dissipates his money, but in the present instance, despite his alleged habitual intemperance, he saved his money and acquired property. For this reason the court refused to take any stock in the allegation of drunkenness and denied the divorce.

Trial by Justice Chambers.

Mike Warren, who followed a man around all day vowing he would cut his head off, did the best he could when he caught him. He gave him a jab in the side of the neck which would have severed the jugular had he had a blade longer than a pocket knife.

The man's name is G. W. Sanderson: he was complaining witness against Court, when Justice Chambers bound him over for trial in the Superior Court on a charge of assault with a deadly weapon.

ADVENT CONTROVERSIALIST.

ADVENT CONTROVERSIALIST.

William Ward Simpson, the Advent evangelist, continued the consideration of the Sabbath at the meeting last evening in the Gospel Pavilion, Seventh and Spring streets. His announcement the previous evening that he would read letters from Cardinal Gibbons and from Priest Enright, relative to the challenge to Protestants to prove that they have any authority, for the observance of Sunday other than the mere appointment of the church added to the interest last evening. In response to his inquiry addressed to the cardinal, if the offer of \$1000 had the sanction of the Catholic church, this answer was received:

"In reply to your question, I beg to say that Father Enright is certainly correct in his assertion. There is not in the Bible a single text enjoining the observance of Sunday, Sunday, as the Lord's Day, reats entirely upon traditional grounds. The Catholic church is consistent, for she has always acknowledged tradition as well as the Bible to be her rule of faith."

But Father Enright himself, writing from Indianola, Neb., responded in these terms: "Your welcome note received. Excuse delay; absent on missionary duties. I have offered a thousand dollars to anyone who can prove from the Bible alone that I am bound to keep Sunday holy. The law was made by the Catholic church long after the Bible was written. The Bible nowhere says that the seventh-day Sabbath is abolished. Here all Protestantis has been, "The Bible and the Bible only." He read from John Wesley's catechism, from Alexander Campbell's writings, and from other authorites, the most earnest indorsement of the Scriptures as the soie basis of religious doctrine, and he said the sects have been weakening and falling away from this Bible standard. "Protestantism no longer

ing before the elements got away with that, too, hence the sale to the wrecking company.

The venture has cost some of the promoters a pretty penny. Sam Schenck was said by some to be the heaviest ioser; but the other directors paid dearly for their experience, and it is safe to say there will be no attempt to "butt in" on boxing in this city for some time to come.

Billy Roche of Oxnard had a falling out with Sam McVey and desires to get hold of Denver Ed Martin so he can get square with the former protege by beating him. There are those who think Roche will have to go farther than Martin to do it, though he does not, nor does Frank Fields, both of whom have seen more of the par than anybody else. Roche is anxious to have Martin come to Beetville so he has the best of everything. "Denver Ed" feels like staying here, however. He is eleven pounds heavier than ever before, and says the weight is all muscle.

Billy Woods will be back in the Mc-Carey camp before long. The boss promoter always liked Billy's style of fighting, and still thinks he is a world-beater. He believes Woods and Philadelphis Jack O'Brien would draw like a heavyweight championship fight. Although the San Francisco ordinance permitting Jeffries and Munroe to battle August 25 becomes a law without Mayor Schmitz's signature, there has been but one fight pulled off there without sanction from the head executive of the city, and it is not thought likely the Yosemite Club will care to establish a precedent which is likely to endanger the boxing status in San Francisco.

likely to endanger the boxing status in San Francisco.

Pinhead promoters are again at work up north; the hatchet is uncovered and Morris Levy is stalking about with a sixteen-pound sledge in his bosom, ready, to knock every man who seems able to cop out a bigger slice of pugilistic pelf than he. Too many knockers have again put the game out in Chicago, and it is only a matter of time when the same result will occur in San Francisco.

LOS ANGELES WINS. FIERCE GOLF AT CATALINA.

Hot play and hotter weather marked

The opening day of every large tournament passes without much patronage from the public, but Pasadena people turned out in considerable force yesterday to support their new enterprise, and afternoor, cars carried down quite a number from the city. No attempt at hurry was made by the management; the play was carried through methodically and without hitch, some of the events being well in hand by evening, notably junior singles, which went to the semi-finals. Ladles' and open singles were also started, play being mostly confined to the first rounds in each. Hard matches were not lacking, several of the ladles' contests being above the average for "strendousness."

Junior singles brought out a num-

"strentousness."

Junior singles brought out a number of little fellows, some of whom have cen familiar figures at previous tournaments, such as Arthur Cawston, Gerald Young and Charlle Nebeker. In the growth of entries for the juvenile events, tennislovers see hope for Gerald Young and Charile Nebeser. In the growth of entries for the juvenile events, tennislovers see hope for the game in future, and the small fry yesterday rewarded the interest paid to them by putting up several matches quite wel, worth watching. Two three-set tussels were scored, in one of which little Cawston showed that though he was small, he was made of the right stuff, by pulling out winner after losing the first set to H. Barker six love. The next he thumped out in 6-4, and in the deciding number, he repeated the dose, rather a bitter one for his opponent to swallow, after apparently having Cawston butclassed. The helf to the Ostrich Farm plays a steady game, and is clever at getting the ball back; to look at him one would doubt his ability to wield even the lightest of rackets, but there is more than muscle in 'the game, and, perhaps that explains Cawston's success among the youngsters.

falling fast when they started the third.

Only two matches were played in men's singles, in the best of which Braly's speedy service retired Tom Bundy from the event. Bundy played a good uphill game, but was in trouble all the time handling his burly opponent's fierce, smashing strokes. Braly who is rather an erratic performer was in rare fettle yesterday and not only hit most of his chances hard, but also placed many balls close to the lines and in other parts of the court than those which Bundy could cover in time. It was the big fellow's fast service, with an occasional screw to it that made Bundy the most trouble. He made his best showing in the first set, winning it 6-3, but Braly soon limbered up and the outcome was not in doubt thereafter.

N. D. __use about supper time de-

up and the outcome was not in doubt thereafter.

N. D. -use about supper time decided on Mellen for dessert and cut into the youngster with a bewidering array of false bounding services and other deceptive strokes which "ate him up" from the start. Huse plays a style of game seen oftener across the water than in America, cutting every stroke. Until an opponent becomes accustomed to the erratic bounds the ball takes wane delivered by an expert this form of tennis is very effective, but it seems hard to play it against one who affects the speedy game. Mellen had no chance to master Huse's repertoire yesterday afternoon; the veteran was always on hand with something new and by the time his young opponent had run the gamut he was hopelessly beaten in 6-1, 6-0.

The summaries:
Open singles—C. Wayne, E. Overton, H. Risiñs, R. Barnwell, A. C. Way, H. T. Fuller, S. M. Sinsabaugh, J. Donnell, H. Gorham, byes; Huse beat Mellen 5-1, 6-0; Braly beat Bundy 3-6, 6-3, 6-3.

Junior singles—G. Townsend, C.

TODAY'S MATCHES.

TODAY'S MATCHES.

Drawings for the doubles will be made at noon today in the clubhouse. An attractive list of matches is in sight, and good tennis is bound to result when Overton and Wayne, and Rowan and Hendrick hook up in the afternoon. Elliott and Braly will present two vastly different styles of play and should play a fine match. The morning matches in men's singles will be: Harris vs. Frink, H. Donnell vs Noble, R. A. Rowan vs Cook. In the afternoon, Wayne will play Overton: Rising meets Barnwell; the winner of the Donnell-Noble match is pitted with N. D. Huse, he of the cut strokes; the winner of the Rowan-Cook matchmeets Trow Her. Irick; the winner of the Harris-Frink co test takes on A. C. Way and a beating; Fuller plays Sinsabaugh, another cracking good match. John Donnell and Hai Gorham come together in a bout which is picked very diversely by court followers. Braly meets H. F. Elliott.

The ladies' matches for today are: morning, Misses Taney and Peralta; winner of the Seymour-Ray match against Miss V. Sutton; Miss F. Sutton vs Miss Jones; by which time the event will be down to semi-finals.

Railroaders Beat Petroleum. Railroaders Beat Petroleum.

The Southern Pacifics defeated the Petroleum nine in both of two games of baseball at Prager Park Sunday. In the first game the batteries of the Southern Pacific nine were Yader and Brewer and for the Petroleums Francis and Rees. The score was 16 to 4. In the second game the Southern Pacific batteries were the same and those for the Petroleums were Lyons and Rees. The score was 12 to 1.

OATHS AND EDUCATION.

Scenity.

Four expletives of an unclassified nature.

A clergyman who has lived much among workingmen so often make use of "strong" language is the "naturable and laudable desire of the speaker to impart a vigorous and picturesque touch to his narrative.

"The probability is that both Carlyle and Mr. Kipling would have been habitual users of very bad language but for the saving grace of education. Carlyle 'dredged the dictionary' for adjectives to express his meaning, and Mr. Kipling invents a word when he wants to strike you 'with the weight of six-fold blow."

"The workingman never learns a tithe of the excessive adjectives and adverbs that abound in the language. But his soul hankers after something more virile than 'very' and 'extremely, and in his meritorious but unlearned endeavor to be picturesque he falls into the error of profanity. Teach the workingman his own language in the board schools and 'bad' language will disappear."

test was spelled in the making of it. A better result is hoped for this time. Louis has just turned 16 years of age, and he is a fine manly youth for a boy of his vears. He has never known what it is for a boy to have a father, as his father died when he was but 5 months old. His sole care and bringing up has devolved upon his widowed mother, who has been a trusted employé of the Coulter Dry Goods Company for many years, and is well and favorably known to the many customers of the big Coulter store. Since 10 years of age, Louis has been trying to help his mother by working at odd jobs during vacation and out of school hours. He finished the common school grades a year ago, and entered the preparat. ry department of St. Vincent's College last fall, and is now prepared to enter the regular college as a freshman. How to earn enough during the present vacation to carry him through the next school year was the question that perplexed him, but The Times' scholarship contest furnished the solution. He entered the contest with a fixed determination to

THE NEW IRELAND.

Among the foreign dispatches in yesterday's issue of The Times was

one recounting the restoration of the ancient Cathedral of Armagh, in Ire-

land. The news is eloquent of the

ward trend; that she is upbuilding

and not falling backward, and, that

instead of stagnation, poverty and despair, she has reawakened, with

progress and hope as her motto.

Armags was the ancient metrop-

Saxon and the Teuton their letters. In those golden days the valleys and the hillsides of Ireland were dotted with

teries fell into decay and ruin.

country. Under the beneficent work-

ings of the new Land Bill the island

has experienced a fremendous awak-ening. Industries are springing into life, factories and mills are being es-tablished, the farmer has set so work

with renewed courage, because the

fruits of his toil are now his own. Innisfail has emerged from the gloom and the hopelessness of the unhappy

past, and with eyes turned gladly to the future, is buoyant with well-founded assurances. It is not an ex-

travagance to say that no country of the world faces the twentleth cen-

tury today with brighter prospects than the land of Emmett and Tom

are attempting to make capital out of his alleged "refusal" to receive a del-egation of miners from Pennsylvania.

The customary avidity to jump at con-

tions, in mad haste to prosecute the "personal campaign" against the Pres-ident, is as evident in this as it is in

various other insignificant incidents;

not substantiate the senseless charges

lenced the clamor in this instance by unequivocally stating that the Presi-

dent did not even know of the dele

gation's visit at the time; in fact, he

was temporarily absent from Saga-more Hill and could not be reached by

telephone. It has been found absolutely necessary to establish and strict-

ly adhere to a rule that no delegations

shall be received by the President at Oyster Bay until an appointment has

been arranged. Secretary Loeb was

unable to arrange a meeting between

tion, and so informed the latter. Had

the committee sent word, in the proper and customary manner, that it desired

to see the President, Secretary Loeb

ing. As it was, he offered to bring the miners' petition to the personal at-

tention of the President; but the com-

mittee chose to ignore that offer for

the purpose of making the incident the

basis of an attack upon the President.

The futility of this and all simi-

The candidacy of Oxnard is so dis

dairy—inspection campaign, first undertaken in 1893, are interesting and valuable in the light of the fact that milk can be and frequently is admittedly one of the most prointe sources of fisease. Its peculiar properties make it abnormally sensitive to from danger the utmost care must be table—not only in providing proper food for cows, but also in keeping dairies clean and in avoiding the use In 1893 the Chicago Health Depart-

DROTECTING PUBLIC HEALTH.

The results of Chicago's vigorous

nent, with only the Health Commissioner and four inspectors to do the work, began a systematic and thorough inspection of every dairy within one hundred miles of the city. At that time 10 per cent, of milk samples were below the ordinance standard of a ner cent, butter, fat for milk and per cent, butter fat for milk and welve per cent. for cream. By compelling dairymen to put their places in sanitary condition and keep them so, and by vigorous prosecution of violators of the ordinance, the inspectors soon succeeded in reducing the figure to 6 per cent; and recent bulletins on the condition of Chicago's milk supply show that at the present time not one of all the samples col-lected by the inspectors fell below the advance standard. Chicago's success s inducing many other cities to undertakes similar systematic and thorough dairy-inspection and milk-supply analysis, and to mercilessly cute all violators of orunances regulating the milk industry.

The plan is obviously an excellent changed conditions that now obtain in the Emerald Isle. It brings vividly to the mind the fact that Ireland,

one. As much care should obtain in feeding and stabling cows, and in keeping every department of a dairy in perfect sanitary condition, as is used in keeping the product free from preservative poisons. In the matter of a city's milk supply eternal vigilance is the price of health.

Armags was the ancient metropolis of Ireland and was a great seat of learning in the ages when the kings and princes of Europe sent their sons to Erin to be educated, and when these same scholars taught the Saxon and the Teuton their letters. In expesing his own life on a burning lo-comotive, is not surpassed in modest heroism by any recorded deed in either peace or war. Freeman is a brave, noble fellow, and a credit to the craft of engineers, already glo-rious for its deeds of sacrifice.

Hon. George Fred Williams says he may vote for Parker, but will take no part in the campaign. Let the Democratic leaders forthwith cease their undignified scramble for campaign funds and devote their attention to inducing the Hon. George Fred to reconsider. Of what use will campaign funds be without a campaign; and how can there be a campaign without the Hon, George Fred Williams?

their kinsmen in America, Australia and other countries in an effort to raise funds for the purpose of either restoring the old churches or building new ones. These ardent missionaries received generous responses to their appeals for aid and the money they collected was expended to good advantage. The organization of the St. Vincent de Paul Society in this community is a matter for congratulation. During the first few months of its existence the society has already amply proved advantage.

But the day has now come when the people of Ireland need little or no help from the outside world to acthe society has aiready amply proved its capacity for doing good work. There will be many a hungry mouth fed and many a naked limb clothed that would not be so blessed if it were not for this noble charitable associa-

The Democrats want half a million for use in the Illinois campaign. If they will only be wise and take the advice of Uncle Joe Cannon, they can save their money and still stand as much show in that State as they will if they spend it there. And Uncle Joe Cannon knows a few things about political conditions in Illinois.

The Scientific American tells us that The Scientific American tells us that some highly interesting archaeological discoveries have recently been made on the site of the ancient Greek City Obla. The Scientific American should not overlook the similar discovery revently made in the vicinity of Elkins, West Virginia.

The latest city directory credits Chicago with a population of 2,241,000, a gain of only 10,000 over the directory estimate for 1903. Needless to say the Chicago press is cutting down war

The New York "400" has been re-luced to "200", and Col. Henry Wat-erson will now take his goose-quill n his red right hand and make ready wipe out the remainder.

Tomorrow, at Sagamore Hill, the President will be formally notified that he has been selected to lead the nation to new and greater glory, during the next four years.

If there isn't less talk about these notification committees in the newspapers, the candidates will find out out it, and it won't be any surprise

************** THE PLAYHOUSES.

BURBANK. "Where is Thomp-kins?" a farce whose plot contains neither rhetoric nor reason, though tun in unlimited quantities, caught the risibilities of at unusually large audience at the Burbank Theater

audience at the Burbank Theater Sunday night.

There is really nothing to the show; incapable actors would make it a dreary waste of time and patience. The actors in the Morosco company make it a screaming success. Same old plot that has here to give substance to many a farce and farceletfoxy old sport takes advantage of his wife's absence to heve a time and gets caught at it, with the resultant scenes dependent upon his tangle of lies and excuses.

dependent upon his tangle of hes and excuses.

Oberle, Woodward, Gculd and Mestayer—these are the capable men upon whom the burden of the funmaking falls.

The consummate achievement is Oberle's, in a role of low comedy, One of the most versatile actors, Oberel has

of the most ve satile actors, Oberel has
the faculty of stepping from a "heavy"
role to a part opposite in the extreme,
and can make an equal success of
each, in most instances. A year ago
this actor gave a portrayal of the
Vicar of Sunningwater, in "Mrs.
Dane's Defense," which might have
made him famous in a night in
the metropolis. Here he has
a indicense imparemention

appearance denotes the height of the ridiculous.

Woodward is a close second to Oberlo, His part is much longer, he is on the stage most of the time, and his lines would fail if not delivered with the rich, artistic humor that is characteristic of the player. He is cast as Sam Selwyn, the "married man" whose mild little indiscretions bring down the chaos of the story.

Mestayer plays a boy in buttons—a sort of burlesque character, very well done. Gould has a minor role as Pred Beliamy. close personal friend and companion in trouble to Selwyn.

The principal woman's part is entrusted to Phosa McAllister, who interprets it with excellent style.

GRAND OPERAHOUSE. "Wicked GRAND OPERAHOUSE. "Wicked London" does not live up to its name. It may be English, but it is not strenuous enough to be American. As a play, there are deep, dark suggestions of lurid sin and unmentionable crime in this melodrama, but the Grand's gallery god migh, perhaps like it better if the suggestions were carried into active life.

The piece is talky, but it is fairly well acted by the Grand Operahouse stock company. The legend is a history of the Nemecis pursuing an innocent young man who is wrongfully accused and hampered in a legitimate love by the wicked father of his sweetheart.

heart.
This person once took upon himself the shame of an older man who had wrongfully signed certain checks. Being young and light of heart, the young man dies not mind the disgrace, but later comes to ardently love the daugifater of the man he so heroically saved.

Proposal and objections from father.

"YOU ALL."

You all never reckoned when I said good-bye, that day, How hard it was to choke the tears and turn and go away-To go away with all the tears welled up, like summer rain, Behind the smile that I put on to hide the hurt and pain. And, as with outstretched hands I stood, when came the hour to part, Oh, you all never knew the dreary hunger in my heart.

Down through the sun-kissed valley, its circled hills between, Down with the winding river through the meadows soft and green, Beyond the waving fields of grain just touched with harvest gold, And the happy scenes of boyhood that I knew and loved of old, Outcast and altened from it all, as in a dream, I passed, But, oh, dear hearts, 'twas you all I thought of at the last.

III. There's many a winding river and many a sun-kissed vale, On a wandering day, between the dawn and fall of twilight pale, There's many a harvest field of gold and meadow soft and green The two wide tumbling oceans and the lonely seas between But they never seem the same to me, they never look so fair, And I know it's only just because that you all are not there.

IV. Oh, you all so beloved of me, oh, you all, far away, You lie with me in dreams at night, you walk with me by day; In the silence and the loneliness when no one ever itears, I tell your names like one who prays on rosaries of tears; There's kindly hearts where'er I go and life has still its task, But if God would give me you all, it's all that I would ask.

JOHN & M'GROARTY.

give capable representations.

Desmond, usually so good in melodrama, seems stilted in his acting this week, and does not show the art he manifested as Michael Strogoff.

Well, for the rest of the new-comers:
Walter LeRoy and Florence Clayton have something that they call "A Horse on Hogan;" were it not for the rather nleasant Celtic wit of LeRoy, the horse would be on the audience.

A pair denominated "Cunningham &

ORPHEUM. The best thing at the Orpheum this week—excepting a single holdover—is the bill itself. The management, acting upon the impulses of an arousing artistic conscience, has at last abandoned the grimy "Sunday supplement" follo that served to hold of an arousing artistic conscience, has at last abandoned the grimy "Sunday-supplement" folio that served to hold three inches of programme and three feet of advertising, and has substi-tuted a neat, compact and well-bound booklet. The cover is a fine half-tone reproduction of a plaster cast, made by versatile Nils Holmblad, at once the Orpheum door-keeper and a clever

the Orpheum door-keeper and a clever artist.
Vilerie Bergere, clever actress whose splendid dramatic force is a delightful variation from the sentimental theatiries of many a stage woman, doffs her chrysanthemum disguise and offers Orpheum patrons an all-American playlet—"Jimmie's Experiment." The experiment is a marvel of strenuosity—for Mile. Bergere—and furnishes the most entertaining twenty minutes of the programme. It is primarily funny, but Bergere's intensity puts on a border of the tragic. This little human-bound bundle of fire, like most other people whose work really counts, is

A pair denominated "Cunningham & Smith." hang out something away below par, which they grotesquely misname "A Perfect Paradise." The D'Arville Sist ers trip gracefully through a light dancing turn.

Harry Seeback, bag puncher, divides remaining holdover honors with jungle bables, Green and Werner. The acrobatic Leighs are still here. CASINO, In "Fra Diavolo" the

sino company has an effering far bet-ter than most of the works they have been giving the local public. The comedy is next akin to grand opera,

They do not give a great presentation, of course, but it is a good one, and of entertaining quality. As "Fra Dievolo" Edward F. Seamans and Carrick Major are alternating. Major, while possessing by for the better voice.

Seamans—their success, accordingly, is about equal.

Hayden has the tenor role of Lo-renzo, and Major alternates with him in that, too.

Bernice Holmes plays Mrs. Alicash and looks and acts the part. Miss

REAL ESTATE NUMBER.

The Times will issue, during the fore part of August, a special Real Estate Number. The subject matter and illustrations will be devoted entirely to city and suburban lands, country property, building industries and real estate enterprises, past progress and future prospects. A graphic history of the development of the Southwest during the last quarter century will be made one of the principal features of the publication, and no effort or expense will be spared to make the facts contained in this special edition authentic and informing. It will be essentially a publication for the prospective homeseeker and settler. Advertisers desiring space in this number should con-

sult the Business Department early, as only a limited amount of advertising will be received for it.

It is the intention of the publishers to mail a copy of this special number to a selected list of over 20,000 persons now living at a distance.

There are a lot of good numbers in the play, notably a that brought insistent encourse first performance.

VENTURA NOTES.

Charles Donion and wife of Hueneme, who were seriously hurt in a runaway accident a few weeks ago, are again able to be up.

The case against Charles McGlinchey, who was arrested for dynamiting trout in the Ventura River, was dismissed Saturday before Justice Boling ou the ground of insufficiency of evidence.

When the new Secretary of the Navy, Paul Morton, comes back to Washington from Chicago he will probably be ready to amounce his decision on the question of expending the \$350,000 available for the acquirement of submarines. He carried away with him some voluminous reports from various expert sources, including communications from the two firms engaged in building the craft in this country. Both concerns have all they can do in filling orders from foreign soyernments, on the part of which there is a growing desire to obtain the American model. In the United States service this favor ahown the submarine is increasing, and in place of the former disposition to regard the type as a mechanical playings, as one bureau chief was in the habit of cailing it, there is a sentiment which holds the boat to be of great value. In fact, the plans of naval strategy formulated at the Naval War Colege at Newport and in the Naval General Board at Washington are now

VENTURA NOTES.

SANTA ANA MAN ALLEGES PEACE DISTURBANCE.

uses a Citizen Residing Near His Place of Trying to Induce His Eighteen-Year-Old Daughter to Leave Home - Woman Heavily Fined for Conducting "Blind Pig."

SANTA ANA, July 25.— [Exclusive Dispatch.] William Block of No. 801 G street had his neighbor, James Shelton, arrested today on a charge of disturbing the peace, alleging that Shelton has been coming around nights peeping in windows and trying to induce his daughter, who is 18 years old, to leave home.

to leave home.

The trouble between Block and Shel-The trouble between Block and Shelton commenced last month and reached a crisis two weeks ago, when Block's daughter ran away from home because he threatened to give her a severe beating. Shelton was in Los Angeles at the time for several days' stay, and Block went at once to Mrs. Shelton and told her that his daughter had run away with Shelton, and furnished her money to go to Los Angeles and hunt them up.

Mrs. Shelton went at once and found

wheel to Long Beach and gone thence to Orange, where her father found her several days afterward and persuaded her to come home.

Block blames Shelton for the girl's leaving home, and when the latter came to the house Saturday night and began talking through the window to Miss Block the father swore to the complaint. Shelton says the whole affair is spite work, and threatens to retailate by having Block arrested for sending Mrs. Shelton to Los Angeles to look him up.

CAY IT SUNK WATER LEVEL

PERRIS VALLEY RANCHMEN IN RIVERSIDE COURT.

One of Them Testifies that Lands Have Been Rendered Comparative-ly Worthless Because of Pumping Operations of Temescal Water

RIVERSIDE, July 25.—The big water case in which the propie of Perris Valley, represented by William Newport, are bringing injunction proceedings against the Temescal Water Company to prevent the defendant pumping water out of the valley, was called in the Superior Court this morning for the final round-up, to be fought to the finish.

finish.

Newport himself was on the stand all morning, and testified that his Menifee farms, worth over \$100,000 three years ago, are comparatively worthless since the water company began to take its 600 inches of water from the valley. Defendant's counsel, however, made him identify his assessed valuation as fixed by the Assessor's books, which shows the valuation of his farms in 1902 to have been \$221, in 1903, \$8575, and 1904, \$9005.

E. E. Waters of Ethenac, another of E. E. Waters of Ethenac, another of the plaintiffs, was on the stand this afternoon, and with samples of the soll in a wet and dry condition, of-fered exhibits to disprove the asser-tion of defendant's that the land-is tion of defendant's that the lands is hardpan, useless even with water on it, and therefore not suffering from the loss of the water. The moist samples were easily shoveled from the bottom of pits which had soaked up several gallons of water within less than twenty-four hours. Mr. Waters, who has bored or helped to bore most of the wells in that district, was also asked to compare the depths of the wells when first bored with their present depths, to show that the water had been lowered by defendant's pumping planus from ten to twenty feet all over the valley. The case will occupy perhaps two weeks before it is completed.

FURLONG-CONNEALLY.

FURLONG-CONNEALLY.

Miss Kate Conneally and Thomas
Furlong, both of Los Angeles, were
married tals morning at St. Francis
de Saites Church, by the brother of
the bride, Rev. Conneally. The bride
was attended by her sisters, the Misses
Marian and Birdle Conneally; and the
groom by his brother, James Furlong,
Mrs. F. L. Scoles of Oxnard, another
sister of the bride, gave her away.
Following the ceremony, a wedding
breakfast was served at the residence
of Father Conneally. Among the
guests were Rev. Father O'Relly of
Vernon, and Father Burns and sister
of Chicago. The young couple left this
afternoon for St. Louis, and at the
completion of their tour will return to
make their home in Los Angeles.

WEED—QUEEN. FURLONG-CONNEALLY.

WEED-QUEEN.

Ioka June Queen and Emery Weed were quietly united in marriage early Sunday morning at the M. E. parsonage, Rev. Dr. Haywood performing the ceremony with the ring service. Only two friends of the couple were present as witnesses—Miss Kuykendall and Mr. Blodgett. The bride is a member of the "Bithia Daughters" of the M. E. Sunday-school, and the groom is one of the "Berean Boys." Each has a large circle of friends. Mr. and Mrs. Weed left for Los Angeles where, after a short honeymoon, they will return for a week's visit with the bride's parents on Muliberry street, and then will return to Los Angeles to make their home.

Weed left for Los Angeles where, after a short honeymoon, they will return for a week's visit with the bride's parents on Mulberry street, and then will return to Los Angeles to make their home.

BOLLINGER—SWIGGETT.

The grand jury is in session again
today. A stenographer from San Bernardino has been employed, but what
evidence is being taken has not yet
been disclosed.

VENTURA.

STRIKE QUICKLY SETTLED. VENTURA, July 25.—A nitters' strike was nipped in the bud promptly at the Canet apricot camp in Canada Larga. At that place about seventy-five men, women and children are busy pitting fruit. They concluded Saturday that they were not getting enough money for their work. The price paid per box for pitting was 10 cents. The pitters wanted 12½ cents per box and threatened to throw down their knives unless their demands were

CASTORIA
For Infants and Children. The Kind You Have Always Bought

HOME SAVINGS BANK

complied with. A. Canet was in charge of the camp and saw no other way out of the trouble than to stand the raise. Then the pitters went on with their work. But Mr. Canet communicated with his son, Ed Canet, in Los Angeles He told him the condition of affairs. Yesterday the Los Angeles man arrived with two pitting machines. He called the strikers together and told them that 10 cents per box was all he would pay, that if they did not want to work for that the machines would be put to work and they could go. This settled a majority of the pitters and they went back to their labors. The machines are still on the ground and will be ready to cut fruit whenever the pitters decide they are too tired to earn the money offered. Business judgment indicates safety as the first requisite of a desirable in-vestment for your savings—next one should consider income. A savings deposit with this bank meets both re-quirements—is absolutely safe, pays four per cent interest. Investigation solicited.

cific will be pushed into Matilija Cañon from Nordhoff. The distance is only five of six miles, but the way is rough and herectote there has been little call for a railroad into the rocky defile. This year is different from others in th. Matilija, however. This season has seen more people go into the cañon than ever before. It is estimated that 2000 people are now in the cañon as visitors at the various resorts and camping along the Ventura River. At present this great rush of travel is carried. by provide the railroad, always on the lookout to turn a penny, has had its eyes opened to this new traffic, which promises to be greatly increased as the seasons pass. This is said to be why a lot of railroad-officials Friday paid a visit to Nordhoff and the section thereabouts. In the party, which arrived by special train, were Messrs. Kruttschnit, General Manager Markham, Engineer of Maintenance of Way Wallace and Division Superintendent Burkhalter.

Pope's Sisters Leave Rome.

The Gordian knot is cut, and the sisters of Plus X., who live in Rome, have field the heat and are in Castle Gondolfo. Before the decision was taken, great was the commotion in the little apartment in the Corso, Vittorio Emanuele. However, in stepped his Holiness and not only insisted that they should leave Rome, but indicated where they should go, and as the good ladies would as soon think of cutting off their heads as dispute anything that Plus X. decides upon, they are already safe at the Papal summer home.

The palace, with its immense grounds, is one of the few temporal possessions left to the Pontiffs after the Italians took possession of Rome. It dominates both the Mediterranean on one hand and the tiny historic lake of Albano on the other, and is only about an hour by rail from the Eternal City. The palace is a rambling old pile, with enormous halls in which regiments could be accommodated; a fine chapel, but, alas! bare of furniture. At one time it had quantities of antique furniture, priceless marbles and old tapestries, but these have in the main vanished into thin air.—[Pall Mall Gazette. Irritability is the nervous affection. they do not care to take the angiers bait. The water in that vicinity is filled with young anchovies and sardines, just hatched from the spawn, and the tuna have simply to open their mouths and "go to it" to supply their mouths and "go to it" to supply their wants. Gen. Barrett, who managed to get two out of the bunch yesterday had a strike this morning, but did not succeed in landing the fish. Very few others were as lucky as he. W. M. Hunt, Jr., and Herbert Earlscliffe were out from 5 a.m. until 8 p.m., yesterday, and were not rewarded with even a strike, and there were others who shared a like fate. The anglers still hope that the tuna will tire of the small fishes and take to the anglers' bait, and then there will be fun.

ISLAND RIPPLINGS.

between the Downey Stars and Clear-water boys, Will Hansard was struck by a foul ball, breaking his collar bone and two ribs and crushing his left lung.

At the same hour and place "Doc" Myres was a spectator and a flying ball hit him on his right wrist, breaking the smaller bones.

OCEAN PARK, July 25.—The Ocea

OCEAN PARK, July 25.—The Ocean Park school district held a special election today and voted \$10,000 in bonds for the purpose of erecting a schoolhouse and acquiring a site. A dozen votes were cast and all were in favor of bonds. The schoolhouse will be built at once to the end that it may be occupied in September.

Several pleasant picnics are scheduled for the negr future for this beach. The choir of Christ Church, Los Angeles, will spend tomorrow on the strand. Thursday Acacla Chapter Order of the Eastern Star is coming from Los Angeles to spend the day. The promoters of the picnic say there will be at least 400 excursionists. There will be no fixed programme farther than a picnic luncheon on the beach and a dance at night. On Friday, August 5, Troop D, N.G.C. is coming to the seaside for the day. The party will consist of at least two hundred. W. F. Dugan of Los Angeles is here for a few weeks, being located on Wadsworth avenue.

A. Marks has purchased the M. L. Hudson property on Third street for a home.

"Well, come in and have a drink with me. That may make you feel better."

"The surgeon sent off papers recommending that the man be sent to the asylum at Washington, as he was undoubtedly insane. The father of the fine young fellow got wind of the matter, and in a few days arrived at the post with a discharge for him and took him away. He went quietly and nothing more was heard of him for some time, when the truth of the matter came out. It seems that the fine young fellow was the son of a rich business man in New York. He was a college straduate and had 'hit the pace' for some time. One day he made a bet of \$1000 that he would enlist in the army and get out within a month without deserting, buying out or making use of any political influence. And he did so with seven days' grace."

LOCAL POLITICS.

BARD'S LEAD IN PRECINCTS.

Country Districts Almost a Unit for Him.

Flint's Dependence on City Machine Work.

Complaints of Heelers as to the Dough Barrel.

Rebuffed in every attempt to invade the country districts, battered and bruised in attacks foredoomed to disaster, the petty bosses of the Filint machine are clamoring to be released from leading any more forlorn hopes. In this State the balance of power lies with the courtry. The cities cast fifty votes for Senator, the country precincts cast seventy. It is contact with the adamant of these country districts that has damaged the Flint machine.

in the country among the fruit growers and the grain growers and among the irrigationists both in city country, there is only one choice Senator and that is Thomas R.

Ventura county is expected to today. In none of these counties machine indorsement even been

almost overwhelmingly in favor of Senator Bard. Swartout has accepted the railroad company had luiled itself into the belief that the old antisolf into a place of the people was dying out. Fiint's candidacy has kindled it to a blaze.

"From a political point of view, Fiint's candidacy, in solidifying Bard's replection a practical certainty."

That it is an ill wind that does no good is exemplified in the political paradox that has grown out of union-ridden San Francisco. That city has half the entire city vote of the State, yet, judged by the last San Francisco election, more than half the legislation of the Film squadron of the machine of at least fifteen votes. There is not a country district in the State in which the labor union element has a ghost of a show. In fact outside of San Francisco and Sacramento the labor union vote is not a factor in politics. But in those two clites the men who once voted with

mento the labor union vote is not a factor in politics. But in those two cities the men who once voted with the machine are now voting with the labor union gang. Between the two there is little choice.

"If the election for Senator were to be held and the people given a chance to express their preference, at least one hundred districts out of the 120 odd in the State would vote for Senator Bard, "yesterday declared a former assemblyman who was a member of the State Legislature at the time the machine attempted to elect Dan Burns United States Senator.

Burns United States Senator.

"THE DOUGH."

Ward heelers of the Flint machine

the at c RSC a mil ur see ison a see ison a

WHAT TOM HUGHES SAYS.

Ward heelers of the Flint machine are attempting to make capital out of the fact that Senator Bard is not advancing money for making his campaign. They assert that this is an evaluation of the fact that Senator Bard is not advancing money for making his campaign. They assert that this is an evaluation of the fact that there are man willing to spend thousands of dollars to advance the fact that there are men willing to spend thousands of dollars to advance the fact that there are men willing to spend thousands of dollars to advance the fact that there are men willing to spend thousands of dollars to advance the fact that there are men willing to spend thousands of dollars to advance the fact that there are men willing to spend thousands of dollars to advance the fact that there are men willing to spending money in 2this campaign, for the reason that it savors too much of buying votes.

"Senator Bard is not expending money in 2this campaign," yesterday afternoon explained "Tom" Hughes, one of Bard's staunch supporters. "Slight expenses are being incurred, but the money for incidentals comes entirely from donations made by business men who are interested in seeing senator Bard is as liberal a man as there is in the fall that the fall to the feel that it is worth something to them personally to have so able a representative at the nation's capital.

"In other campaigns Senator Bard is as liberal a man as there is in the fall that the feel that it is something to the feel that it is a contest among the members of the Republican party he has contributed thousands of dollars. But in a campaign in which the money expended must go to advance his individual interests, in which it is a contest among the members of the Republican party, the Senator feels that it ill becomes him to hire men to work for his interest as against that of a brother Republican.

"When Gov. Pardee was

BARGAIN BARIES.

erate bergain-hunting woman in the world would not look for a bargain beby. She would want the best beby that could be bought, regurdless of price.

Every woman naturally craves a health, handsome child, and her craving can be gratified if she will but remember that the child's health is her own gift, and to give health she must

Kern county, Riverside county and Crange county have all declared for Bard. Ventura county is expected to do so today. In none of these counties made and the search and throughout the contry people to a realization of what Bard's reselection reports are all in taill be found that a majority of the assembly detail to the search and throughout the central portion of the State Bard is now the only candidate whom the country people to a realization of what Bard's reselection meant to them. In the north and throughout the central portion of the State Bard is now the only candidate whom the country people consider. I believe that when the selection reports are all in it will be found that a majority of the assembly detail to oppose Flint's candidacy even though Senator Bard should drop and the search and throughout the central portion of the State Bard is now the only candidate whom the country people consider. The railroad company had luiled it self into the belief that the old antityling the popular was directly and the search and throughout the central portion of the State Bard is now the only candidate whom the country people consider. The railroad company had luiled it self

Senator. The Sixty-ninth District is almost overwhelmingly in favor of Senator Bard. Swartout has accepted the support of the Ninth Ward machine, and r s promised Blanchard to support Filmt in case he is elected. Walker, the Long Beach man, has declared for Bard. Thompson's campaign of silence is costing him pro-Bard votes that a declaration favoring Bard' reëlection would win.

Los Angres for our Board of Supervisors to do a little disciplining. Public office is not a public push wagon for use in the dissemination of the gang's dictum in note regions.

LOS ANGELES TAXPAYER.

Lankershim has discovered that the Senatorial bee is not a bee at all, but a hornet with a sting half a yard long. While Oxnard and his managers are moralizing over the political situation, their forces are demoralizing.

Some of the long-suffering and unterrified among the local Democrats are beginning to learn that while Mayor Snyder may know a good deal in politics, he does not always deal good.

in politics, he does not always deal good.

Frank P. Flint has worn the corporate influence of the Southern Pacific as a cloak for a number of years; he now appears extremely, likely to wear it as a political shroud.

"Every dollar I have was honestly made," protested the Assembly candidate to the boss of the machine.

Thus being assured that the candidate did not have enough to bother about, the boss turned him down and continued his search for a good fellow to rim up a smashed wheel.

"Do you think the Express is likely to desert us and support Flint?" asked the timid one.

"I am afraid not," gloomily responded the best-sugar magnate. "You know when red scale once settles on a tree about the only way to get rid of it is to cut down the tree."

Some Observations.

know when red scale once settles on a tree about the only way to get rid of it is to cut down the tree."

Some Observations.

LOS ANGELES, July 25.—ITo the Editor of The Times: I The people of California are now witnessing the remarkable spectacle of a candidate for the exalted office of United States Senator advertising for support in the same manner as does the vender of patent medicines and the manufacturer of breakfast foods, isn't is enough to make a man like Stephen M white turn over in his grave?

In this connection I am constrained to remark that Mr. Flist's self-selected manager, J. S. Slauson is a well-behaved director of the Southern Pacific Railroad Company. This of course is eminently an appropriate selection. But J. S. Slauson is also the Southern Pacific Railroad Company. This of course is eminently are appropriate selection. But J. S. Slauson is also the Southern Pacific Railroad Company. This of course is eminently are appropriate selection. But J. S. Slauson is also the Southern Pacific Railroad Company. This of course is eminently an appropriate selection. But J. S. Slauson is also the Southern Pacific Railroad Company. This of course is eminently an appropriate selection. But J. S. Slauson is also the Southern Pacific Railroad Company. This of course is eminently an appropriate selection. But J. S. Slauson is also the Southern Pacific Railroad Company. This of course is eminently an appropriate selection. But J. S. Slauson is also the Southern Pacific Railroad Company. This of course is eminently an appropriate selection. But J. S. Slauson is also the Southern Pacific Railroad Company. This of course is eminently an appropriate selection. But J. S. Slauson is also the Southern Pacific Railroad Company. This of course is eminently an appropriate selection. But J. S. Slauson is also the Southern Pacific Railroad Company. This of course is eminently an appropriate selection. But J. S. Slauson is also the Southern Pacific Railroad Company. This of course is eminently and propriate selection. But

Young Manager Wyatt's Discovery of Copper Ore in San Diego
County.

William T. Wyatt, manager of the Casino Theater, returned to town yesterday after his summer vacation, bringing with him a face minus most of its skin, some specimens of ore that may make their owner rich, and the sweet recollection of a huge joke on the "old man"—genial "Harry" of the Mason Operahouse.

William Tremaine and family have been spending some time with father with the cook a little laugh all by himself.

ANGORA GOATS NEW INDUSTRY MIDDLETOWN, (N. Y.) July 25.-If the experiment undertaken in propa gating a new species of angora goats at Debryce, Sullivan County, proves a gating a new species of angora goats at Debryce, Sullivan County, proves a success, it will mean a great industry for that section of the country. A large tract of land at Debruce has been purchased upon which has been placed a herd of imported white angora goats. The owner has now gone to New Mexico in quest of two thousand goats, and he promoses to cross the breeds. exhe proposes to cross the breeds, expecting to produce a superior species. If the experiment results successfully immense tracts probably will be devoted to the goat raising industry, as the animal's wool brings about 50 cents per pound in the market.

Tickets on sale August 5, 2, 10, via Santa Fe. Visit Grand Canyon and World's Fair either direction. Santa Fe agents will tell you.
